Preparing For Early Attack On Defenses Of Germany

Russian Forces Driving Forward Across Romania

Reds Now Reported Within 52 Miles Of Border Of Yugoslavia

WARSAW MAY BE OUTFLANKED

By NATALIA RENE (I. N. S. Staff Correspondent)

MOSCOW, Sept. 6.—(INS)—Red army legions hammered their way forward northeast of the Polish capital of Warsaw today as other Russian forces to the south drove 72 miles across Romania to within 52 miles of the Yugoslav border.

Bitter fighting is under way in the triangle formed by the confluence of the Bug and Narew rivers.

May Outflank Warsaw

Some Soviet units, smashing their way to the banks of the Narew at many points, killed 1,400 Nazis. Their advance, moving along a line some 40 miles south of the East Prussian frontier, not only threatens to outflank, but poses a threat to East Prussia and the Polish corridor.

More than 150 towns and villages fell to Gen. Georgi M. Zhukov's second white Russian army in its new push northeast of the Polish capital, including the important rail and road junction town of Wyszki, 27 miles above Warsaw. North of the eastern limits of Warsaw, Zhukov's forces linked up with units of Marshal Konstantin K. Rokossovsky's first white Russian army, poised for a frontal smash against the city at the proper moment. There were indications that the final battle for the liberation of the city has already begun.

Occupied Key Centers

In Romania, Russian forces driving toward a junction with Marshal Tito's Yugoslav partisans captured Craiova, only 70 miles from the iron gate of the Danube at Turnu Severin on the Yugoslav border. Other Soviet columns occupied the key communications center of Pitesti, 62 miles northwest of Bucharest. Russian forces broke through into the Danube. Bulgarians were believed to have been stayed by the Bulgarian government's request for an armistice. (Continued on Page Two)

PA NEWC Observes

Mr. and Mrs. W. P. Stephenson of the Mitchell road saw a deer on the Mercer road Tuesday evening at 6:30 o'clock. The animal left the highway which was slippery and bounded into the woods.

There was a heavy fog throughout the county areas, during the early morning hours.

Roland Adams of Willow Grove, R. D. 7, reports two sunflowers in his garden that stand nine feet and one inch and nine feet and five inches tall.

According to reports made to Pa. Newc, several serious accidents were narrowly averted on the New Wilmington road beyond Highland avenue extension, on Tuesday afternoon, when a light drizzle of rain made the highway extremely slippery for some reason. The accidents occurred on curves, when motorists unexpectedly ran into the slippery road conditions.

Exterior of another building on the public square is being brightened up. Painters are at work on the woodwork of the Y. W. C. A. building.

The East Coast can expect earthquakes every three or four years, though probably of lesser intensity. (Continued on Page Two)

U. S. Third Army Patrol In Sortie Over Reich Border

By PIERRE J. HUSS (International News Service Staff Correspondent)

WITH THE U. S. THIRD ARMY ON THE GERMAN BORDER, Sept. 6.—(INS)—Patrols of the U. S. Third Army crossed the German border, ranged several miles around German territory and then returned across the Moselle river to the main American lines, an official announcement disclosed today.

Violent fighting, featured by heavy artillery exchanges, flared up along the Moselle river front as American troops swarmed across the river.

The Germans yielded ground reluctantly after the Americans threw a bridge across the Moselle under fire. The assault came after incessant artillery duelling that got under way Sunday, with the Germans apparently striving to delay the American advance toward the Saar as long as possible.

Presumably the Nazis are making their final dispositions of men and machines for the battle along the Siegfried line.

International Police Force Plan Dropped

By KINGSBURY SMITH (I. N. S. Staff Correspondent)

WASHINGTON, Sept. 6.—Establishment of a separate international police force to maintain future world peace is understood today to have been ruled out of the security plan now being drafted at the Dumbarton Oaks conference. Authoritative sources indicated the British and Soviet representatives have agreed to accept the American government's proposal that each nation promise to use, when necessary, a certain percentage of its armed forces to restrain aggression rather than have a separate international police force established.

The Soviet plan originally proposed establishment of a separate international air force. China also has suggested a general international police force composed of land, sea and air forces which would act under the direction of an Allied security council. The American delegates to the Dumbarton Oaks conference have opposed the idea of having American armed forces placed under the control of jurisdiction of a separate international police body. The view prevails in administrative circles that it would be extremely difficult to get congressional approval of any such plan.

War In China Has Arrived At Decisive Stage

CHUNGKING, Sept. 6.—(INS)—The war in China has reached its decisive stage, Marshal Chiang Kai-Shek asserted today in a strong appeal before China's war-time parliament, the people's political council, for national unity.

"Our reverses and problems can be turned into a valuable lesson for winning the war and the completion of our national reconstruction," Marshal Chiang said. The Chinese high command meanwhile reported enemy troops pushing southwest from Hengyang toward the Kwangsi border are now only 10 miles from Chiyang.

No Demobilization Of Navy Forces If Germany Quits War

WASHINGTON, Sept. 6.—(INS)—Secretary of the Navy James Forrestal announced today that the defeat of Germany will not result in any demobilization of the Navy.

"On the contrary the Navy is expanding and will continue to expand," Forrestal said at a news conference. "The Navy cannot demobilize until Japan is defeated."

Bishop Cannon Taken By Death

CHICAGO, Sept. 6.—(INS)—Bishop James Cannon, Jr., of the Methodist Episcopal church, south, died early today in Wesley Memorial hospital. He was 79 years old. The bishop had come to Chicago to direct a meeting of the Anti-Saloon league, in which he was a nationally known leader since its earliest years.

Masonic Order Gives Field To Deshon Tuesday

Sixteen Acre Athletic Field Dedicated By Grand Master Scott S. Leiby

PIRATES AND CUBS PLAY EXHIBITION

With a crowd of around 1,000 present, most of them wounded soldiers who are now convalescing at the Deshon hospital, near Butler, the beautiful new 16-acre recreation plot, situated in the rear of the hospital, and purchased by the Masonic athletic committee of the Pennsylvania Grand Lodge, was officially presented to the hospital by Grand Master Scott S. Leiby, of Harrisburg, at impressive dedication ceremonies Tuesday afternoon. The new Red Cross recreation center nearby was also dedicated.

Members of the athletic committee from the New Castle lodges, headed by District Deputy John H. Templeton, together with other members from the fraternity in New Castle were present for the dedication ceremonies, which were preceded by a review of the staff at Deshon hospital, and the presentation of Oak Leaf clusters and Purple Hearts to men who are undergoing treatment at the hospital, from the various fighting fronts.

Most of these were from the Pittsburgh district, and were for wounds received in Italy, although there was one award to a soldier from the Burma front, and another from France in the recent fighting.

Col. C. J. Gentzkow, commander at Deshon hospital, presided as master of ceremonies, and introduced Grand Master Leiby, who turned over the deed for the plot to Major General Norman T. Kirk, surgeon general of the U. S. Army, who accepted in behalf of the medical corps and the war department. (Continued on Page Two)

Washington Roundup

(International News Service)

Belief is expressed in Washington today that many civilian products will be finding their way back on the markets about the first of the year. Such belief grows out of the War Production Board's announcement that virtually all WPB controls will be lifted with the collapse of Germany which many officials feel will come within the next 90 days.

As defeat of Germany nears, it is understood that establishment of a separate international police force to maintain future world peace has been ruled out of the security plan now being drafted at the Dumbarton Oaks conference. Indications are that the British and Russian representatives have agreed to accept the American government's proposal that each nation promise to use, when necessary, a certain percentage of its armed forces to restrain aggression rather than have a separate international force.

From Herbert H. Lehman, director general of the United Nations Relief and Rehabilitation Administration, comes an announcement that UNRRA is sending a mission to Brazil to discuss that country's contribution to the program. The mission is the first move to coordinate South American participation in the UNRRA program. Rep. Bloom (D) N. Y., chairman of the House Foreign Affairs committee, predicts UNRRA will have war-torn countries back on their feet within two years after hostilities end.

Elsewhere in the capital, it is announced that Capt. Jean A. Bruner, newly elected commander-in-chief of the Veterans of Foreign Wars, has made a plea to President Roosevelt to establish a system of furlough and relief of servicemen overseas.

Bulgaria Asks For Armistice From Russia

Declaration Of War By Soviet Followed Quickly By Bulgaria's Appeal

RUSSIA REJECTS NEUTRALITY PLEA

By JOSEPH THOMAS (I. N. S. Staff Correspondent)

LONDON, Sept. 6.—Russian diplomacy scored another important victory today when Bulgaria asked for an armistice less than 6 hours after the Soviet Union declared war on that unhappy ex-satellite of Hitler Germany.

The British radio, in a broadcast heard by CBS, pointed out that since Russia has not yet answered the Bulgarian request for an armistice the position of the Bulgarian armistice delegation in Cairo "has become obscure."

At 2 p. m. yesterday the Soviet Union, dissatisfied with Bulgaria's repeated protestations of neutrality, declared war on the Balkan kingdom as mighty Red army legions stood poised on the banks of the Danube for an invasion of Bulgarian soil. Shortly after 1 a. m. today, the Sofia radio announced that the Bulgarian government had requested Russia for an armistice through the Soviet legation in Sofia.

Defeat Of Nazis Not Likely To End Drafting Of Men

By PHILLIPS J. PECK (I. N. S. Staff Correspondent)

WASHINGTON, Sept. 6.—Congressional and Selective Service sources indicated today that the draft may continue to take 75,000 to 100,000 men a month for some time after the defeat of Germany. Publication of the War department's plan for partial demobilization of the Army upon the X-day collapse of the Nazis raised the question of the future course of Selective Service when America's total military might is swung against the Japanese.

Draft Director Lewis B. Hershey and high Army officers who discussed the demobilization plan with members of the House Military Affairs committee gave evidence that Selective Service will continue to operate with calls almost as big as at present.

The Congressmen were informed that the induction of nearly every man under 26 years of age may be necessary. This means principally the drafting of the 60,000 to 80,000 youth becoming 18 each month. Since most of these under 26 have been called, some deferred war workers probably will be released for military duty by X-day production cutbacks.

It was indicated that 75,000 to 100,000 draftees a month may be (Continued on Page Two)

Exiled Premier Of Holland Will Return To Country

BULLETIN

LONDON, Sept. 6.—(INS)—Premier Pieter S. Gerbrandy of the Netherlands government, exiled in Britain for more than four years, left London today and is expected to arrive soon in the liberated portion of Holland.

Allied headquarters today confirmed the entrance of Allied troops into Holland, but failed to give their location.

Berlin Radio Says Germany Will Be Strongly Defended

NEW YORK, Sept. 6.—(INS)—The Berlin radio early today repeated its assertion that Germany will be defended with "fanatical determination," saying that "should the British and the American aggressors set foot on German soil there will be no village and no house, no field and no hill from which they will not encounter a thousandfold resistance."

Some Rationing Of Canned Goods Will Be Ended

Announce Plan To Lift Rationing Of Most Canned Vegetables, Sept. 17

FRUITS REMAIN ON RATION LIST

By FRANK B. ALLEN (I. N. S. Staff Correspondent)

WASHINGTON, Sept. 6.—War Mobilization Director James A. Byrnes disclosed today that rationing of canned foods will virtually be ended by September 17.

Byrnes said he was advised by War Food Administrator Marvin Jones that the following food items will be made point free:

Canned asparagus, beans (fresh lima), corn, peas, pumpkin, squash, mixed vegetable, baked beans, tomato sauce, tomato paste, tomato pulp or puree, soups, baby foods and all varieties of jams, jellies and fruit butters.

Remaining on List

The main products remaining on the list of canned goods are tomatoes, fruits and some juices. Processed food items already carrying a zero point value are grapefruit juice, orange-grapefruit juice, blended, orange juice, prune juice, green or waxed beans, beets, carrots, spinach, greens, grape jam, preserves or marmalade, tomato jam, citrus marmalades, some fruit butters and dry beans.

Byrnes' announcement followed a conference last month between himself, Jones, Economic Director Fred Vincent and James Brownlee, acting OPA administrator, to determine what foods could be removed from rationing. It contained a list (Continued on Page Two)

Pupils Return To City Schools

Fall Term In Public Schools Begins With Day's Classes

Class rooms came to life today and an army returned to its front when the public school system of New Castle opened for the 1944-45 term. Schools bells that have been silent for three months again gave tongue and over 8000 boys and girls converged upon the school buildings.

The first day is one of planning rather than one of instruction and the teachers were busy organizing their classes and in the case of the high schools assigning students to the various rooms. For the 6-year-olds it was the beginning of a new world, a world of education and training for life.

Few Vacancies

There were some vacancies in the teaching staffs due to military leaves and resignations in the summer but Superintendent Frank L. Burton felt today that by tomorrow morning the vacancies would be filled with competent substitutes. Many of the buildings look new to the returning students for during the past summer there have been extensive repairs and improvements. Walls have been painted, desks sanded down and varnished, yards covered with a bituminous covering and other improvements. The schools look the best this year they have in many years.

It was the first day of school, a day that marked the beginning of another year of work.

Announce Allied Troops In France Nearing Junction

French Forces In U. S. Seventh Army Are 80 Miles North Of Lyon

MORE TOWNS FALL TO ALLIED FORCES

(BULLETIN)

NEW YORK, Sept. 6.—(INS)—The British radio quoted unofficial reports today as saying that allied forces in northern and southern France have joined up. The broadcast, made in the German language, was picked up by NBC monitors.

By JAMES L. KILGALLEN (I. N. S. Staff Correspondent)

ROME, Sept. 6.—French troops of the U. S. seventh army have reached the approaches of Chalons-sur-Saone, some 80 miles north of Lyon, and are nearing a junction with allied forces in northern France, Gen. Sir Henry Maitland Wilson announced today.

Apparently meeting little opposition from the retreating Nazis, seventh army forces advancing up the Saone valley are approaching the Swiss border.

Twenty Nurses Given Diplomas

New Castle Hospital Class Of 1944 Graduating Exercises On Tuesday Evening

DR. P. A. SHOAF AND FR. CAMPBELL SPEAK

Diplomas as graduates in the nursing profession were received by twenty students of the New Castle Hospital School of Nursing, Tuesday evening, at the graduation exercises held in Ben Franklin school auditorium.

John J. Maher, president of the School of Nursing Council, presided after the procession and entrance of the graduating students, and other classes of the School of Nursing. Rev. Fr. Vincent O'Donnell, chaplain of the New Castle hospital, gave the invocation, followed by a splendid address by Dr. P. A. Shoaff, of the hospital staff.

Addresses Made

Dr. Shoaff emphasized the valuable place the nurse has in society. He outlined briefly the various positions the graduate nurse can offer her services, namely, as a private nurse, general nurse, receptionist in doctor's office, airplane hostess, school nurse, public health nurse, and as a nurse in the service of the country. Dr. Shoaff concluded by reminding the nurses, and keeping that is God's business, and keeping that thought before them, nothing will daunt them in years to come.

Rev. Fr. Paul E. Campbell, pastor of St. Lawrence church, Pittsburgh, another speaker on the program spoke of the qualities of kindness, sympathy and understanding the nurse must have in her profession. She must be the symbol of duty, grace and charm of young womanhood and she must be the soul of the hospital. Father Campbell spoke briefly on nursing in the middle ages, when the high standard qualifications were maintained.

No Verification Of Report Two Nazi Towns Are Taken

Gen. Patton's Forces Are Feeling Out Forward Defenses Of Siegfried Line

CANADIANS DRIVE CLOSE TO CALAIS

(BULLETIN)

SUPREME HEADQUARTERS, Allied Expeditionary Force, Sept. 6.—(INS)—American reconnaissance crossings of the Moselle River into German home territory were confirmed by Gen. Dwight D. Eisenhower today but his headquarters stressed that invasion of the Reich has not begun. The patrols have returned to the French side of the river after carrying out their missions.

By J. C. OESTREICHER (I. N. S. Foreign Editor)

The methodical process of feeling out forward defenses of the Siegfried line in apparent preparation for the most audacious frontal assault in military history got under way along the banks of the Moselle River today. With Allied forces in the north in possession of Ghent, Belgium and only 10 miles from the Scheldt River border of Holland, Lieut. Gen. George S. Patton, Jr., sent patrols of his American Third Army across the Moselle to probe several miles deep inside Germany itself.

These units set foot on Nazi soil in the face of a heavy artillery fire which indicated Adolf Hitler's determination to defend his home borders until such a time as the dry rot now so clearly evident in the ranks of the German army mushrooms to a point where complete collapse becomes inevitable. Headquarters Silent

Headquarters continued to maintain silence on the general progress of operations and news of the Moselle crossing came from International News Service Correspondent Pierre J. Huss, now on his way back to Berlin with the American army to a post he occupied during more than eight years of Hitler's rule.

There was nothing to indicate the slightest truth in the wild reports of yesterday that the allies have (Continued on Page Two)

Jap Shipping Toll Growing

Allied Airmen Sink Or Damage Ten Freighters And 27 Barges Or Small Ships

By FRANK ROBERTSON (I. N. S. Staff Correspondent)

GEN. MACARTHUR'S HQ., New Guinea, Sept. 6.—Ten more Japanese freighters and 27 barges or small vessels were added today to the growing toll of enemy shipping taken by Allied airmen ranging over the waters from Dutch New Guinea to the southern Philippines. Thirteen barges and smaller craft, laden with Jap troops, were destroyed or damaged by patrol bombers operating along the Menado coast in the Celebes.

A 1,000-ton freighter was sunk by night patrols in the Gulf of Davao in the southern Philippines.

Eight Others Hit

Eight other Jap cargo vessels, including a 4,000-tonner and seven smaller ships, were sunk or damaged in a night attack on Halmahera island, powerful enemy bastion lying midway between Dutch New Guinea and the Philippines. In addition, 13 barges were sunk or damaged off Halmahera.

Night patrol bombers sank a Jap coastal craft at Abolua, south of Halmahera, and forced a 1,000-ton freighter to beach.

Today's bag of enemy shipping announced by General MacArthur raised to 27 the number of freighters reported destroyed or damaged in two days and 41 the total of barges and coastal craft wrecked or damaged. On Dutch New Guinea, it was disclosed, American troops have killed another 72 Japs, captured 242 and liberated 25 former prisoners of the enemy.

Gigantic Air Raid On Nazis Now Looming

LONDON, Sept. 6.—(INS)—With more than 3,000 Allied heavy bombers reported ready today to deal Germany the most devastating aerial assault in the history of warfare, the air ministry announced today that Mosquito planes last night blasted the oft-bombed city of Hannover.

The night raid came in the wake of punishing daylight assaults by more than 3,000 Allied planes of all types against Nazi defenses in western Europe and the Balkans, three German industrial cities and the French channel ports of Le Havre and Brest.

Shattering Blow

If, instead of dividing their strength against many targets, these planes were to concentrate on objectives in Germany, they would help strike a shattering blow against the Nazis' Siegfried line and at the same time deliver crushing attacks on vital German war industries.

Yesterday's operations, in which the U. S. Eighth Air Force pounded the German industrial cities of Karlsruhe, Stuttgart and Ludwigshafen, was seen by the London Daily Express as possibly the first (Continued on Page Two)

American Troops Capture Lucca

Gen. Mark Clark's Army Storms Into Strongpoint On Line Across Italy

By MICHAEL CHINIGO (I. N. S. Staff Correspondent)

ROME, Sept. 6.—American troops of Lieut. Gen. Mark Wayne Clark's Fifth Army stormed today into the town of Lucca, a strongpoint of the Germans' Gothic line across northern Italy, while the Allied Eighth Army drove the enemy from the high ground approaches to the Marston Corridor.

Stiff fighting continued through the morning, however, with the Nazis hinging their defenses on the town of Coriano in the Adriatic sector.

The British pushed forward beyond Florence despite vigorous German resistance. The enemy's frantic defense effort was unavailing. The Germans hurled in a hope-pole of units in one instance, to relieve a battered parachute battalion in the Adriatic sector.

Nazi troops managed to stage a counter-attack in Coriano area, after Canadian units, attacking northwest of Disano on the night of Sept. 4-5, had smashed enemy lines and broken through to the high ground near the Marston river beyond the Coriano.

The Eighth Army, left in the wake of their advance, took a half dozen small Adriatic coastal towns.

SWISS PLANES SHOT DOWN

BERN, Sept. 6.—(INS)—The Swiss government issued a formal statement today confirming earlier reports that two of its fighter planes were shot down yesterday by American warplanes, apparently as the result of mistaken identity.

Governor Dewey To Open Campaign

Republican Candidate For Presidency To Make Address Thursday Night

By LEO W. O'BRIEN
(U.S. Staff Correspondent)

PAWLING, N. W., Sept. 6.—Gov. Thomas E. Dewey headed toward New York City today for a round of conferences preliminary to the opening of his campaign at Philadelphia tomorrow night.

The Republican presidential nominee, who has been working on speeches at his Pawling farm since a week ago Friday, was due in New York City about noon for a luncheon meeting with National Chairman Herbert Brownell, Jr. The governor's first visit to the metropolis since he left on his St. Louis trip more than a month ago.

Will Be Busy
From now until Nov. 7, Gov. Dewey will be on the campaign firing line almost continuously. In addition to the seven major speeches he will deliver on his September trip to the west coast, he will participate in joint state-by-state broadcasts with 24 Republican governors at intervals during the next two months.

Soon after his transcontinental tour ends on Sept. 28, the Republican nominee will invade the middle west and New England. He also is expected to speak in several border states.

In addition to his luncheon conference with Chairman Brownell, who will furnish the candidate with information on conditions as reported from all parts of the United States, Gov. Dewey will have last-minute talks in New York with a number of advisors, with whom he will go over his speeches.

The presidential nominee, accompanied by his staff and nearly 80 newspapermen, magazine writers and radio men, will leave New York City at 9:25 a. m. tomorrow for Philadelphia. Following his arrival there at 11:05 a. m., Gov. Dewey will confer with Gov. Martin and other Pennsylvania Republican leaders.

His night speech from Philadelphia will be broadcast over a nation-wide hookup, as will his speech in Louisville Friday night. He will spend the next 10 days meeting party leaders in several states, resuming his political speeches at Seattle on Sept. 18.

BULGARIA ASKS FOR ARMISTICE FROM RUSSIA

(Continued from Page One)

It was reported in Sofia that the Bulgarian royal family and members of the regency were preparing to flee to Germany because of the impending advance of the Red army.

The Sofia announcement said that the secretary-general of the foreign affairs ministry, Dr. Konstantin Sarafov, and the head of the political directorate of the foreign ministry, Ivan Altanov, had called in person on the Soviet charge d'affaires Yajovlev.

"They informed him," the broadcast said, "that they had been charged by the Bulgarian government to ask the Soviet government for the conclusion of an armistice."

Nazis Take Reprisals
The Bulgarian broadcast charged that the Nazis took reprisals yesterday for Bulgaria's action, in accordance with the Hague convention, of disarming German troops crossing into Bulgaria.

German troops were said to have attacked Bulgarian army units and "captured by surprise" the staff of an occupation corps and its commander. In addition, the broadcast reported, "the staff of a Bulgarian division was made prisoner by deceit and units of this division were attacked and disarmed." The Bulgarian troops were said to have put up futile resistance to this move on the part of the Germans.

Reds Reject Neutrality
While Bulgaria's ministers were discussing "the provocative actions of the Germans," the Sofia radio continued, a report was received that Soviet Russia "considered herself in a state of war with Bulgaria."

Russia had rejected the decision of the government of Premier Konstantin Muraviev to maintain a policy of neutrality instead of breaking with Germany and announced its declaration of war in a note handed to the Bulgarian minister in Moscow by Foreign Commissar Vyacheslav M. Molotov at 7 o'clock last night European time.

The Muraviev government's request for an armistice was the latest in a series of moves begun by former Premier Ivan Bagrianov to get Bulgaria out of the war. Negotiations conducted by Bulgarian representatives in Cairo broke down on the neutrality issue.

required to bring the Navy to peak strength, replace casualties and demobilization as result of combat duty and several years service.

The Navy is said to be some 300,000 men short of its planned peak strength and has not presented any concrete plans as yet for its ultimate demobilization. The sea forces will play a major role in the conquest of Japan.

Demobilization will be slowest in the air forces and army service forces.

Selective Service calls after "X" day will be governed by such factors as the rate of demobilization, the number of men who elect to continue in service, and the amount of shipping available to return surplus troops home.

Another major factor entering into the Selective Service picture is the draft law expires next May. Congress probably will begin hearings on the subject soon after the elections, determining whether a system of universal military training is to be instituted to keep the United States prepared.

If it is a pleasure to be envied and shot at, to be maligned standing, and to be despised falling, then it is a pleasure to be great and to be able to dispose of men's fortunes.—South.

Awaiting Further Word On Death Of S-Sgt. S. V. Gruca

No further word has been received by Mrs. Martha Gruca, of Slippery Rock, R. D. 3, concerning the report from the war department recently that her son, S-Sgt. Steve Victor Gruca, had been killed in action in the Central Pacific area.

Apparently due to military secrecy reasons, the time of his death and place were not revealed.

Prior to entering the service, Sgt. Gruca was employed at the National Radiator plant here.

ment, while Brigadier General Norman Randolph, commanding general of the Pennsylvania district, accepted in behalf of the Third Service Command.

This was followed by the review and an exhibition game between the Pittsburgh Pirates and Chicago Cubs, who donated their services for the dedication.

The wounded men, many of whom hadn't seen a baseball game in several years, got a big kick out of the contest and razzed the players with the customary retorts, dear to dyed in the wool baseball fans. One soldier even presented one of the umpires with a pair of spectacles before the contest opened.

Red Cross Building Dedicated
Regret was expressed by Governor Edward S. Martin at his inability to attend the ceremonies, the press of duties at Harrisburg preventing his attendance.

Every building which went into the crowd, and there were plenty of them, were eagerly scrambled for by the boys, who had then autographed after the game by their favorite player from the two teams.

Some of the local delegation visited Pfc. Clayton C. Conner, local war hero, who arrived at the hospital last Saturday, from England, where he suffered compound fracture of the left leg just two weeks before the invasion.

Clayton was found in good spirits and eager to come home today for a brief visit before possible further treatment.

He was wounded in Tunisia, and captured by the Germans, but made his escape. For his exploits there he holds the Silver Star.

Following the dedication ceremonies and the baseball game, the new Red Cross recreational building was inspected by the visitors. The building has just been completed and is admirably designed to fit the needs of the Deshon hospital.

The assembly room is a huge one, with a large stage at one end. At the other end is a balcony to accommodate several hundred guests. Back of the balcony are the living quarters of the Red Cross director, Miss Audrey Campbell, and the recreational director, Miss Virginia Heisey.

Reception Lobby
In the front of the building is a large reception lobby and in one building is equipped to handle programs of all kinds and can also serve as a meeting place for families of men who are patients in the hospital.

In the reception line in the recreational building were Col. and Mrs. C. J. Gentzkow, Major-General and Mrs. Kirk, Brigadier-General Randolph and Red Cross Director Audrey Campbell. Serving as hostesses assisting Miss Campbell were members of the Red Cross staff at the hospital and members of the Butler County Red Cross Corps. Among the staff workers acting as hostesses were Miss Virginia Heisey who recently left the annex in Cunningham Park for service at the hospital, and Miss Mary Lou Hickey who is presently serving the recreational director at the Deshon annex.

Deaths of the Day

Alice M. Patterson.

Miss Alice Marie Patterson, aged 33, 3511 Fleming avenue, Pittsburgh daughter of the late James C. and Grace Leslie Patterson, Richfield avenue, this city, passed away this morning at 5 o'clock in the Bedford Avenue Hospital, Pittsburgh following a lingering illness of the past few years. She was born in New Castle on June 10, 1911.

The deceased, one of eight children, attended the New Castle Public Schools, and graduated in 1929 from Oliver High, Pittsburgh, when the family moved there several years ago. She later returned to New Castle and entered training at Jameson Memorial Hospital School of Nursing, graduating with honors with the class of 1932.

Surviving are the following sisters and brothers: Mrs. Ann M. Wilson, Pittsburgh, and Mrs. Hona B. Fawcett, Owen Sound, Canada; Clifford O. Patterson and Wallace Leslie Patterson, this city; James S. Patterson, Pittsburgh; Staff Sgt. Robert L. Patterson of the U. S. Army serving somewhere in France, and Cpl. Dale E. Patterson now home on furlough after two years of active duty with the First U. S. Marine Division overseas. Also, she leaves a step-mother, Mrs. Amy Patterson, New Castle.

The body of the Jos. S. Rice Funeral Home where the family will receive friends this evening, Thursday afternoon and evening, and from where funeral services will be conducted on Friday afternoon at 2 o'clock. Interment will be made in Oak Park cemetery.

Elliott Funeral
Funeral services for John M. Elliott of near West Middlesex were conducted from the residence Monday afternoon at 2 o'clock. Death came while a patient in Buhl hospital, Sharon. Mr. Elliott fell in his own home, breaking his hip, about one week ago. In a few days he would have celebrated the 60th anniversary of his marriage.

Very highly esteemed in his home community, he was an officer, trustee and elder in the Presbyterian church of West Middlesex, Pa., and was active in the community life. He is survived by his wife, Mrs. Ina J. Elliott; two sons, Harry in California and Frank in West Middlesex; two daughters, Grace, a business woman in Sharon, and Sarah, wife of Charles Shaffer of Sharon. He is also survived by a number of grandchildren and one great-grandchild.

Interment was made in Haywood cemetery West Middlesex. Funeral services were conducted by Rev. W. J. Holmes of this city, assisted by Rev. H. A. Welch of West Middlesex.

Infant Shotzberger Funeral
Funeral services for Lois Jean Shotzberger of 1714 Hamilton street were held Saturday at 2 p. m. from the residence with Rev. J. N. Rainey in charge.

Interment was in Savannah cemetery.

McConahy Funeral Time
High mass of requiem for John Quincey McConahy of Edinburg, R. D. 1, will be offered Thursday morning at 10 o'clock in St. Mary's church.

Interment will be in St. Mary's cemetery.

Copple Funeral
High mass of requiem for the repose of the soul of Sam Copple, of 417 East Lutton street, was offered this morning at St. Vitus church, in absence of the body. Rev. Fr. Albert M. Inteso was in charge.

After mass short private funeral services were conducted at the DeCarbo funeral home, East Lutton street, with Father Inteso in charge, who was also in charge of the committal service at St. Vitus cemetery. Pallbearers were Joseph Chill, Joseph Copple, Frank Copple, and James Copple, Jr.

Volant Committee Plans September Recreation Show
Recreation committee of Volant will meet Thursday evening at 8 p. m. at the Volant school to decide what entertainment the committee will sponsor during September.

In August the committee put on an outdoor show and realized the sum of \$45.21 which goes to the Volant Recreation Center fund.

The committee plans to sponsor a series of entertainments to raise money to put the Volant recreation field in shape and equip it.

NO VERIFICATION OF REPORT TWO NAZI TOWNS ARE TAKEN

(Continued from Page One)

taken Aachen and Saarbrücken and are mulling about inside the fortifications of the Siegfried line itself.

Gen. Patton's cautious moves along the Moselle followed the classic pattern of warfare and unless all indications are misleading, there may be a good deal of such tactics before any attempt is made to storm the German west wall in overwhelming force.

Gen. Eisenhower has made no secret of the fact that the campaigns in France, Belgium and Holland have been greatly facilitated by assistance received from patriot forces and by information supplied by the underground.

German Situation Different
This situation will not prevail in Germany itself. Little is known of actual conditions inside its hermetically sealed borders. Low-flying American and British reconnaissance planes have obtained some information and taken some photographs. But neither Gen. Patton nor any other member of the field command is going to be disposed to throw good troops away before the most thorough investigation possible is made of the steel and concrete wall that guards Germany some 30 miles inside its borders.

Belief that the Nazi westwall extends right up to the French and Belgian frontiers is a misconception. The real defenses lie far back and some time may well elapse before the allies come to grips with the fortifications upon which Hitler now bases his last forlorn hope of survival.

By CHARLES A. SMITH
(U. S. Staff Correspondent)

SUPREMACY HEADQUARTERS.
Sept. 6.—American patrols were revealed today to have crossed the German border, ranged several miles inside German territory and then returned across the Moselle river to the main American lines.

Troops of Lieut. Gen. George S. Patton Jr.'s U. S. third army, meanwhile, swarmed across the Moselle despite heavy artillery fire from the German side, as bitter fighting flared up along the Moselle front.

An allied headquarters spokesman declared there was no confirmation of reports that allied forces have occupied the German towns of Aachen and Saarbrücken.

Resistance Increases
International News Service Correspondent Pierre J. Huss, with the third army, reported that the Germans were putting up increasingly severe resistance in order to gain time for manning their Siegfried line defenses, where they are expected to make a major stand.

Meanwhile, Lieut. Gen. Alexander M. Patch's U. S. seventh army, driving up the Saone valley of central France, was reported less than 60 miles from a junction with Patton's forces.

A total of 354,000 Germans were said to have been taken prisoner in France since D-day, June 6.

Some 50,000 Nazis are trapped in the Pas de Calais area of the northern French coast, where they are still manning robot bomb launching sites.

Nearing Boulogne
Canadian troops of Lieut. Gen. Miles C. Dempsey's second British army are probing the defenses of Calais and are reported only a mile and a half from the companion port of Boulogne on the French channel coast. Calais has been outflanked both from the east and west, with Canadian units actually reaching the sea at some points. The German garrison of 5,000 men appeared determined to make a strong stand inside Calais.

In Belgium, the allies have occupied Gent (Ghent), important inland port on the Scheldt river only ten miles from the Dutch border.

The British radio, in a broadcast here by CBS, said that troops of the U. S. first army, commanded by Gen. Courtney Hodges, "have made contact with British columns advancing beyond Brussels and Louvain, and they are now progressing together in the general direction of Aachen and the Siegfried line."

Allied headquarters confirmed reports that allied forces have entered Holland and are driving toward the great Dutch port of Rotterdam, but failed to locate their present position.

than the shock which rocked New York City and 17 eastern states early yesterday, New York seismologists reported today. Future earthquakes, however, will offer no serious damage to New York's skyscrapers and tunnels, Dr. Walter H. Bucher, professor of structural geology at Columbia University said.

Football season is again bearing down upon us. Most high school teams in the district will get into action over the week end. Due to wartime conditions however, there will be no college teams in action in this locality again this season.

TWENTY NURSES GIVEN DIPLOMAS

ties were also prevalent. Today all graduating nurses are eager, ready and alert for duty, ready to face the future with the love of neighbor, a splendid example of the love characteristic is the gospel of Jesus Christ.

Father Campbell concluded by extending his congratulations to the class and to the doctors, parents and Sisters of St. Francis and others who made it possible for the twenty young women to complete the studies in their profession.

Diplomas Conferred
The conferring of the diplomas was in charge of Adolph Green, president of the board of trustees of the New Castle hospital. Mr. Green congratulated the nurses, stating the great need for nurses in time of stress the world is experiencing today, and concluded with the remark that the diploma of a nurse is a passport to a life of the future.

During the program selections were rendered by the Emory orchestra, "Intermezzo in D"; "The Afterglow" and marimba selections, "God Bless America" and "Stars and Stripes Forever," and ten pieces from the Dutch border.

Mr. and Mrs. Amos Wiley Golden Wedding On Friday

Mr. and Mrs. Amos Wiley, of Ellwood City, and widely known residents in this vicinity, will observe their golden wedding anniversary on Friday, September 8, with "open house". The event will take place at their residence on Wiley Hill, Ellwood, and an invitation is extended to all friends, relatives and neighbors to share the informal celebration.

The couple reside on the farm where Mr. Wiley was born and raised and where they have spent their entire married lives. She was

the daughter of the late Mr. and Mrs. John Mack, also Ellwoodians, and like his parents, held in high esteem.

Mr. and Mrs. Wiley are the parents of the following children: Mrs. Alfred Gooch, this city and Mrs. David Van Gorder, Ellwood; Frank and Henry Wiley, Ellwood; Ira Wiley, of McKeesport, and two deceased, Amos Wiley and Mrs. Ida Schott. Also, they have ten grandchildren.

Mr. and Mrs. Wiley will receive guests from 2 until 4 and 7 until 9 o'clock.

POETRY GROUP ELECTS OFFICERS

At a meeting Tuesday evening at the Public Library, the Poetry Group, which has met as an informal group for the past eight years, organized formally and elected officers.

With Miss Allura Leslie acting as temporary chairman, Miss Garet Rhodes as secretary pro tem, and Mrs. Mary Leslie and Miss Irene Botka as tellers, election resulted as follows: president, Miss Allura Leslie; vice president, Mrs. C. R. Brenner; recording secretary and treasurer, Miss Rose Barber; corresponding secretary, Miss Garet Rhodes.

The group decided to take a course of study in the technique of poetry under Clement Wood.

As the program for the evening Miss Frances Haydon gave a study and analysis of poetry, as to type and subject matter, that appears in current publications.

In answer to roll call members gave an account of their writings and acceptances for publication during the summer months.

Membership in the group is open to anyone interested in the study and writing of poetry. Those who wish to join the group may contact Miss Leslie.

The group will meet again within the next few weeks to start on its course of study.

LT. H. THROOP, BRIDE TO BE HONORED HERE

Honoring their son and new daughter-in-law, Lieut. and Mrs. Henry C. Throop, nee Lucy Anne Minnigerode, of San Francisco, Calif., Mr. and Mrs. Ralph Throop will hold "open house" at their residence in Bessemer Friday evening, Sept. 8. An invitation is extended to all relatives and friends of the family.

The former Lucy Ann Minnigerode is the daughter of Mrs. Karl Minnigerode, of San Francisco, and the late Major Minnigerode, and a granddaughter of the late Gen. R. N. Getty and Mrs. Getty, also of San Francisco and Hamilton, N. Y.

The couple is now en route East. The post chapel at the Presidio at San Francisco was the scene of the wedding on July 22, the bride being given in marriage by Col. John Howard. Miss Betty Crooks of that vicinity was her attendant.

Lieut. Robert Knous, also a naval aviator, served as best man, while ushering were Lieut. William Prager, Lieut. Oliver Hannestein, Lieut. Darrow Thompson and Lieut. Thomas Edwards.

A reception followed the ceremony.

Lieut. Throop, a graduate of Westminster college, was formerly with the Youngstown Sheet & Tube Co. He received his wings at Jacksonville, Fla., in 1942 and since July of that year has been an instructor at Livermore Naval Air Station, Livermore, Calif. He will report to Corpus Christi, Tex., at the conclusion of his leave and will be assigned to sea duty in the near future.

WEDDING DATE TOLD AT DINNER-BRIDGE

On Tuesday evening Miss Kathryn C. Bittner entertained a group of friends at a tearoom in New Wilmington to announce the date that has been chosen by her sister, Miss Janice S. Bittner, for her marriage to Capt. Eugene A. Kirker, U. S. Army.

At 6:30 o'clock guests took their places for dinner at a table where individual corsages marked each place. To these were tied snapshots of the bride-elect and her fiancé with the date, "October 7, 1944." Centering the table was an arrangement of gladiolas flanked by lighted white candles.

Bridge was in play during the evening with lovely awards given to Mrs. Forrest Aiken and Mrs. John Muse. The guest of honor was presented with a beautiful guest award.

She is a daughter of Mr. and Mrs. William H. Bittner of East Lincoln avenue. Captain Kirker is the son of Mr. and Mrs. Tadd Kirker of East Garfield avenue.

Excitement Marks Another 'First Day'

Children Dress Up For First Day's
Registration; Most Hold
Mother's Hand

Crisp new bows on the ends of the little girls' pigtails, and bright new jackets on the noisy little boys made one thing very plain—today was the first day of what will be a 12-year career in school for several hundred six-year-olds of New Castle.

Long Lists to Register

Whether the schools had had preliminary registrations or not, there were long lines of excited children and their parents in front of the first grade teachers' desks this morning, holding birth certificates and yellow vaccination slips.

In some schools the ones who had registered were seated around little tables, looking at books or drawing extravagantly colored pictures. In the older schools they were seated at tiny desks just like the ones that were in the schools on the first day their parents started—the kind which have grooves for pencils and shelves underneath for books, and seats that fold up.

Mother or Big Sis

Almost every child had a mother or a big sister by the hand and, once in a while, there were even some fathers in the rooms. Of course, some beginners cried and had to be comforted with more crayons and paper, and of course, a few were a little too excited and went around with a "life-of-the-party" attitude, but by tomorrow most will have settled down to the serious business of getting an education.

After the registrations were completed the rest of the morning was given over to getting the children acquainted with their new environment. Classrooms and play rooms, sand boxes and bookcases were pointed out. The small students were shown where to keep their coats and how to sharpen their pencils, and some had stories read to them.

On this year's work will be based all of the study that may lead to a Ph. D. some day, but this morning it was just an exciting adventure.

Queen Mother Elizabeth Still Living
In Palace In Brussels,
Defied Germans

LONDON, Sept. 6.—(INS)—Queen mother Elizabeth of Belgium, the Exchange Telegraph agency reported today, is still living in a wing of the Royal Palace in Brussels after defying German orders to leave.

The dispatch said that when the Germans took King Leopold III and other members of the royal family to Germany shortly after D-day they also ordered her to leave but she locked herself in her apartments and informed the Nazis that if they tried to remove her she would have to "be dragged from the palace."

Snowstorms recently killed thousands of cattle in South Africa.

Lt. W. R. Fleming Killed In Action

Second Lt. William R. Fleming,
U.S.M.C., 23, Killed In
Pacific Area

Word of the death in action of Second Lieut. William R. Fleming, U. S. M. C., was received this morning in a telegram by his mother, Mrs. Henrietta P. Fleming of R. D. 4. The message sent by Lt. Gen. A. A. Vandegrift, U. S. M. C., of the war department said, "Deeply regret to inform you your son Second Lt. William R. Fleming, U. S. M. C., killed in action in performance of his duties and service of his country. No information available at present regarding disposition of remains. Temporary burial in locality where death occurred probable. You will be promptly furnished any additional information received. To prevent possible aid to enemies do not divulge name of his ship or station. Please accept heartfelt sympathy."

Lt. Fleming is survived by his wife, Mrs. Charlotte Wisner Fleming of Lancaster, to whom he was married June 27, 1943, in Lancaster. He also leaves his mother, two brothers, Richard E. Fleming and Donald H.

Fleming, both of R. D. 4, and two sisters, Mrs. Edward C. Teece of R. D. 5 and Mrs. Albert S. Pitzer of Jeannette.

Lt. Fleming had participated in the invasion of Saipan. He had been in service since January, 1943, received his training at Parris Island, S. C., was commissioned at Quantico, Va., in May, '43. He sailed for duty in the Pacific on December 6 of the same year. The last word received from him by his family was on July 20. Before going into action at Saipan he had been stationed for several months in Hawaii.

He was a graduate of Girard college, Philadelphia, and of Franklin & Marshall college from which he received an A. B. degree with the class of February '43. He was a member of Phi Beta Kappa honorary fraternity.

Lt. Fleming was 23 years of age on August 27.

Lions Hear Talk By Dr. Gerald Fouse

Local Veterinarian Explains How
Service To Animals Ties In
With Health Of Humans

New Castle Lions club members heard an interesting talk by Dr. Gerald D. Fouse, local veterinarian, at their luncheon meeting in The Castleton, Tuesday noon, when he gave an illustrated lecture on veterinary medicine.

Dr. Fouse showed how the medical profession and veterinary profession are working closely in the prevention of many human ailments, which have been found to originate in animals, particularly cattle in the past, of tuberculosis, and typhoid fever, and in other animals, many of which are subject to the same diseases that afflict humans.

Plans were announced for the final golf matches in the club tournament, which will be played next Wednesday at Sylvan Heights course followed by a dinner in the clubhouse. Earl T. Ramsey was admitted to membership, and the transfer of Earl Ridge to Harrisburg in the near future was also announced.

Sgt. Paul Johnson Prisoner Of War 'Safe', Cable Says

Until today the last word heard from his son, Staff Sgt. Paul R. Johnson, by George Johnson of Bessemer, was that Staff Sgt. Johnson was a prisoner of war of the Romanian government.

Today Mr. Johnson received a cable sent by his son that reads "Safe and well. Don't worry. Send telegram right away". From this it is believed that he is no longer a prisoner of war and that he is back in Italy where he was stationed before being reported missing in action.

Dorsey And Hall Brawl Probe Will Come Sept. 12

LOS ANGELES, Sept. 6.—(INS)—Eleven witnesses were under subpoena today following decision of the grand jury to make a thorough investigation of last month's fierce brawl between Band-leader Tommy Dorsey and Actor Jon Hall.

The probe has been set for Sept. 12 and all of the principals in the case have been called. These include Hall, Dorsey, his actress wife, Pat Dane, Actor Eddie Norris, Jane Churchill, Kansas City society girl, and Allen Smiley, assistant film director.

The grand jury inquiry is an outgrowth of Hall's refusal to sign criminal complaints, although urged to do so by District Attorney Fred N. Howser shortly after the fight.

Vacation Calendars Change For Schools

PITTSBURGH, Sept. 6.—(INS)—Congressional abandonment of the traditional Thanksgiving forced public and parochial schools in the Pittsburgh district today to change their vacation calendars to November 23.

As originally drawn, the school schedules called for observance on November 30—the traditional "last Thursday."

In Pittsburgh some schools had November 23 and some November 30. Although Abraham Lincoln in 1864 set the fourth "or last" Thursday for the annual observance, this November has five Thursdays, hence the confusion. President Roosevelt set Thanksgiving a week earlier in 1939, 1940 and 1941.

This year, under congressional resolution, Thanksgiving has been set for the 23rd.

Germans Must Deal With Eisenhower

LONDON, Sept. 6.—(INS)—Well-informed sources reported today that there exists "absolutely no foundation" for repeated rumors that Germany has made peace overtures to the United Nations.

There will be no preliminary negotiations or secret talks, these sources said, pending the suspension of fighting.

The only man the Germans may approach is Gen. Dwight D. Eisenhower, they continued, and he will accept only an offer of unconditional surrender.

New Gunsight Lamp Helpful To Fliers

BLOOMFIELD, N. J., Sept. 6.—(INS)—Westinghouse Electric & Manufacturing Co. officials revealed today that a new gunsight lamp, developed for the army and navy, enables American gunners to aim directly into the sun and yet fire with greater accuracy than ever before.

The new device, about the size of a walnut, is an improvement on present gunsights which allow gunners to aim within only 15 degrees of the sun, thus leaving a blind spot.

Eisenhower Assures German Slave Labor

NEW YORK, Sept. 6.—(INS)—Foreign workers inside Germany were assured by Gen. Dwight D. Eisenhower today that the tide of war soon will surge into the Reich and were urged to do all in their power to prevent the Nazis from wrecking important installations.

In the second successive broadcast of instructions to the slave laborer, heard by CBS and the OWI, Eisenhower's spokesman urged his listeners to go into hiding when the Allies approach and to resist enemy efforts to force them deeper into the country.

SALLY'S SALLIES

"Be careful, Millie, and don't cut yourself."

THE HELLCAT'S OUT OF THE BAG!

Now it can be told. The Hellcats are in action.

The Army calls them 76-mm. Gun Motor Carriages—designation M-18. But to Buick men who designed and built them in cooperation with Army Ordnance—and to Tank Destroyer Command forces who fight in them—they're Hellcats.

The name fits. They are tank-killers with the pace of a panther and the lethal strike of the king cobra.

They're so fast they run rings around anything but their brothers, and they master obstacles that stop other vehicles cold.

They can split an enemy tank at several miles—and thanks to springing born of Buick's work on your car, they can romp down roads at passenger car speeds. And now they're on the prowl.

It has been twenty-odd months since we started work on these sluggers as

answers to the vaunted Tiger tank. Twenty-odd months of designing, building, testing, perfecting.

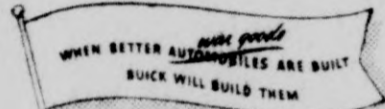

More than a year ago they went into production, and several months ago we knew they were on their way, in quantities, to undisclosed battlefields.

They have shown what they can do there. They've added their force to the Great Effort—and because of them, American men have had benefit of a harder-hitting weapon against tanks, pill-boxes, strong points and machine-gun nests.

We're mighty glad that's so. Not just because this is a Buick baby. But because it's a good American weapon, built in our way, for use of our own kind.

More power to it, say we—and to those gallant men in uniform for whom we sweated it out!

Buick will be glad to furnish, without cost, a full-color reprint of this advertisement to those interested in this important new weapon. Write to Buick Motor Division, Flint 2, Michigan.

Sergeant Fights Japs Between Bouts In Ring

SAIPAN, Marianas Islands, Sept. 6.—Not satisfied with the amount of fighting the Japs are giving him, Marine Sergeant William P. Robinson, of Brooklyn and Syracuse, N.Y., made the assault upon this island with a black eye handed him by an American sailor.

Robinson is light heavyweight boxing champion of his artillery unit and caught the "shiner" in a bout held aboard ship a few days before his outfit attacked the Japs. He has never lost a fight of any kind since he has been in the Corps, winning nine tournaments and a score of smoker scraps. He took his first decision from the Japs in a previous campaign.

Occasionally the sergeant's boxing wins have been made, however, at some cost to himself. While he was stationed at Quantico, Va.,

his wife, Mrs. Tania Robinson, of 256 Sterling Place, Brooklyn, came to watch him fight and ended by crawling right up into the ring and warning Robinson's stunned opponent to "stop hurting my husband."

In the next round the opponent was stunned by the husband, himself. Sgt. Robinson is the son of Mr. and Mrs. William P. Robinson, of 4512 James street, East Syracuse. He was graduated from Solvay high school in 1939, and prior to enlistment in the Marine Corps the day after Pearl Harbor was combed was a "looper" at the Holcom Steel Works. Some of his boxing opponents think he still is a "looper."

Carves Altar From 18 Tons Of Stone

CLEVELAND, Sept. 6.—(INS)—A crucifix and altar carved from 18 tons of granite by Peter Ghirla, 60-year-old Italian-born artist, is now being completed in Cleveland.

Ghirla described the monument as a massive memorial to the servicemen of World War II where the parents of men and women in the service may go to thank God for sparing their lives or to pray for those who have died.

Nearly one-half the uniformed personnel on duty at Washington with the navy department is comprised of Waves, according to the Navy Bureau of Personnel.

NEWS AND VIEWS AT CAPITAL

(International News Service)

HARRISBURG, Sept. 6.—Republican leaders have left nothing undone in an effort to assure the success of Gov. Thomas E. Dewey's major address at Philadelphia September 7. The GOP central campaign committee, headed by Secretary of Revenue David W. Harris, has engaged the convention hall with a seating capacity of 14,000 and has arranged a minute-to-minute schedule for the Dewey entourage running from 11 a. m. until the Republican presidential nominee enters from Louisville, Ky., around midnight. The arrangements committee has its fingers crossed, however, in the hope that the schedule will not go the way of most pre-arranged things.

Dewey will speak in the hall used by Democrats for their national convention in 1936 and by the Republicans for their convention four years later. Dewey will have a heavy escort of city and state police and will be flanked by Republicans ranging from ward committeemen to Gov. Edward Martin, State Chairman M. Harvey Taylor, Mayor Bernard Samuel, Harris and Sunday other politicians. Hovering in the background, out of sight but looming very prominently in Dewey's plans, will be Paul Lockwood, the New York governor's secretary. A former newspaperman, Lockwood can claim much of the credit for Dewey's national prominence.

Governor Martin watches the Allied sweep of France with a soldier's practiced eye. The governor, a retired major general who served as a major and lieutenant colonel with the 109th and 110th infantry regiments in the famed 28th (Iron)

Division in France during World War I, covered much of the ground now being liberated. "The 28th Division fought over much of the terrain now being covered," he said, "starting at Chateau Thierry at the Marne River and across the Vesle at Fismes." The governor was gassed during the fighting on the Vesle River and was wounded by fragments from a shell burst in the bitter battle on the Orce River. He received the purple heart with an Oak Leaf Cluster for his wounds. Governor Martin's study of the war in daily newspapers is kept up to the minute by Press Associations which telephone brief bulletins to his office.

Mrs. John Y. Huber, of Haverford, President of the Pennsylvania Council of Republican Women, has predicted that the apathy surrounding the 1944 election campaign will be dispelled when women start off the fall campaign soon. She pointed out that many women, especially in rural communities, were busy with canning produce from victory gardens. "I am not discouraged by the seeming apathy during canning season," Mrs. Huber said. "Women are putting first things first and when they finish they intend to be very active during the election campaign."

More Mines Are Added To Strike

Further Seizures By Government Are Expected To Develop As Result

(International News Service)
Fourteen West Virginia and Kentucky bituminous mines were added to the strike list today as further government seizures were anticipated in pits forced out of production by the United Mine Workers drive to gain recognition for supervisory workers.

With the addition of these mines to those already on strike in the western Pennsylvania fields, it was estimated at least 33 pits were idle this morning, leaving more than 12,000 men idle at a daily cost to the war effort of approximately 63,000 tons of coal.

Some To Return
Eight mines of the Imperial, Heisley, Springfield and Monroe coal companies, seized by the government Labor Day, were to go back into operation this morning. Nine of the ten mines placed under federal control last week were also reported to be operating.

The first walkout at any of the government-controlled pits occurred at the MacIntyre mine of the Rochester & Pittsburgh Coal Company in Indiana county. Seven other R&P mines were operating, as were also two taken over at the same time from the Ford collieries.

The Pittsburgh office of the regional War Labor Board disclosed that a count of ballots from 20 individual mines in the West Virginia-Kentucky area yesterday showed the supervisors in 14 mines were in favor of joining the spreading walk-

outs, those in four mines voted against the proposition, while supervisory employees in two other mines were equally divided on the issue.

Union Demands
All but four of the mines out of production in the western Pennsylvania bituminous field were down because of the supervisory workers fight for union recognition.

Union President McAlpine was told by the solid fuels administration that the federal agency cannot deal with the union, and the operators will not.

McAlpine, consequently, has repeatedly warned that strike votes and strikes will be continued throughout the coal fields until either the operators agree to bargain or the government seizes the pits.

Ballots were to be counted in Pittsburgh today on results of votes taken under the Smith-Connally anti-strike act in 13 more West Virginia mines.

SPARS Will Recruit Here For Enlistees

Spar Recruiting Officers To Come To The Castleton September 12-16

New Castle young women will have an opportunity to obtain first hand information about the SPARS, women's reserve of the United States Coast Guard, from September 12 through 16.

On those days, between 12 and 9 p. m. several members of the SPARS who are stationed in Pittsburgh, will come to New Castle where they will have headquarters in The Castleton hotel lobby.

On Tuesday of this week, Lieut. (jg) Dorothy L. Nims of San Antonio, Tex., and Seaman 1c Dorothy L. O'Hara of Salem, Mass., were here to make arrangements for the five day visit.

According to the SPARS, there is an urgent need for more members of the organization to replace coast guardsmen who have already departed for duty at sea. Any young woman between the ages of 20 and 36 who has completed two years of high school is eligible to apply for the SPARS. Upon acceptance she will go to Palm Beach, Fla., for her "boot" training.

Officer candidates, who must have completed at least two years of college work, may be between the ages of 20 and 50. Their training is taken at the United States Coast Guard Academy, New London, Conn. All those interested in gaining information about the SPARS may interview the SPARS while they are in New Castle next week from September 12-16.

'Oldest' Minister Attends Conference

GROVE CITY, Sept. 6.—The Rev. Dr. C. H. Frampton of this city, at 87 years of age, is attending his 62nd annual session of Erie Methodist conference being held in Meadville. He missed one session since he entered the conference in 1882, when he was under quarantine. He is the oldest minister in the conference, having been in service one year longer than the Rev. Dr. D. A. Platt of Clarion, a trustee of Grove City college.

As the oldest minister, Dr. Frampton fell heir to the "conference cane" several years ago. He is in such robust health that he has never needed to use the cane, which was the gift to the conference of the late Dr. W. H. Crawford, for 27 years president of Allegheny college. Dr. Crawford received the cane in exchange with Bishop J. M. Thoburn, who carried it in more than 6,000 miles of traveling while serving in India.

Evening Classes At Vocational School

Evening courses in machine shop training at the vocational school on Lutton street are open again, after three months of day classes only. Earle M. Cass, vocational director, said today.

Anyone 16 years of age or older may register for these classes either at the school itself or at the employment office on Washington street. Classes last from 6 o'clock until 11 every evening, Monday thru Friday, until the trainees have completed 300 hours. New members may start in any time.

Afternoons at the machine shop are turned over to the county schools for the training of boys from the townships. Registration for these classes are made at the office of John Syling, superintendent of the county schools, Mr. Cass said.

Brenda — Will You Step Out With Me Tonight?

I know I've been an awful grouch not taking you any place lately. But after standing all day at my new job, my feet darn near killed me with callouses and burning. Now I've reformed — or rather my feet have — thanks to the Ice-Mint you advised. Never tried anything that seemed to draw the pain and fire right out so fast — and the way it helps soften callouses is nobody's business! Been able to get some extra overtime money so what do you say, let's go dancing tonight. You can step on my Ice-Mint feet all you want.

CUT CORN LOW TO KILL BORERS IN THE STALKS

Corn-cutting time, which is earlier this year because of dry weather, is another period fine for destroying large numbers of corn borers, if the corn is cut as low as possible.

As the weather cools towards the approach of autumn, the corn borer begins to move down inside the stalks, closer to the ground. If the corn is cut to a 4 to 6-inch stubble, there is a better chance of destroying the borers when the stalks are cut for ensilage.

Corn binders should cut as close to the ground as the machine will permit. In cutting by hand, the best chances of getting the borers will result if the stubble is less than 6 inches.

In addition to getting rid of countless born borers, close cutting also will increase the number of pounds of ensilage per acre.

COW DUE TO FRESHEN SHOULD BE FED WELL

Owing to the dry weather, milk production per cow has been seriously reduced, and extra milk is needed during the coming fall and winter months. If needs of the armed forces, lend-lease and home consumption are to be met, then every effort should be made to increase production during the next few months.

Cows due to freshen during the fall months should be fed well to obtain the greatest production—and the greatest profits—during the winter months. Such cows should be dried off 6 to 8 weeks before freshening, and if then, should have full rations until a short time before the calf is due. If pasture is short, there should be supplemental feed-

ing of hay, silage, or some green crop. In addition, the cows should be given sufficient grain to get them in good condition. A good fitting ration is obtained by mixing 100 pounds of corn meal, 100 pounds of ground oats, 100 pounds of wheat bran, and 75 pounds of oil meal.

The amount of grain should be reduced for about 10 days before freshening, and the last 2 or 3 days no grain, other than bran or a mixture of bran and whole oats should be fed. After freshening the fitting ration may be fed, increasing the quantity gradually depending on the condition of the cow's udder. At the end of 10 days to 2 weeks, change gradually to the regular milking ration and have the cow on full feed at 3 to 4 weeks after freshening.

Cows freshening in good condition and well fed during the lactation period, will provide enough extra milk to pay double price for all the extra feed used to get them ready for work. A full ration now helps to get a full milk pail later.

SCHOOL LUNCH MUST HELP MEET FOOD NEEDS

School days mean that many rural children will be carrying their noon meal in a shiny tin or metal box or pail.

The food that is in the lunch box should give the child one-third or more of his food needs for the day. The child who has little or no breakfast and a poorly planned school lunch couldn't possibly have an evening meal that would make up for what he lacked in food during the day.

With careful planning, the carried lunch can provide its share of the daily food needs. The ideal home-packed lunch should include

sandwiches; soup, salad or scalloped dish; raw vegetables, such as carrots or turnip sticks, cabbage, wedge, celery, tomato (in season), or some raw relish; milk in some form; fruit; and frequently a simple dessert like cookies or unfrosted cake.

At least one sandwich should be of whole grain bread; for the others use enriched bread, rye, oatmeal, prune, or peanut butter breads. The number of sandwiches packed will depend on the child's appetite and his age. One sandwich may have a hearty filling like meat, fish, cheese, egg, or poultry. Chopped or shredded raw vegetables or dried fruit filling may be used for the other sandwiches. It's advisable to have only one sandwich with a sweet filling.

Besides giving attention to what goes into the school lunch, the food should be packed so it will be attractive. Whether a child eats all of his lunch and eats it with a relish depends to a great extent on the kind of picture he gets when he opens the box.

Neatly wrapped sandwiches, each one wrapped separately in waxed paper, cake or cookies in waxed paper, and salad or scalloped food in jars that don't leak, contribute to the appearance of the lunch box and the appetite of the child. Wash and dry fruit before packing, and put beverage or soup in thermos bottle. Putting the foods that will be eaten first on top helps to keep interest in the lunch. Always include two napkins. The second one can serve as a cover for the desk.

Be sure to keep the metal lunch container clean and fresh. It must be washed and scalded daily.

KEEP PULLETS EATING WHEN THEY ARE HOUSED

Encourage pullets to eat well when they are housed. Otherwise, production losses or false molts may occur.

Feeders and waterers similar to those used on the range will help to make the pullets feel at home. Feeding equipment placed on the floor also aids. If grain is to be fed in litter, be sure to use only a light layer of litter.

Continued feeding of oats started on range is helpful. Fresh, succulent greens also temper the change from

range to house. High quality second or third cutting leafy hays are good feeds for the transition period.

BRIEF NEWS OVER STATE

(International News Service)

ROYERSFORD — A letter from Lt. Gen. Mark W. Clark is one of the prized possessions of Miss Phyllis Weaver. The general, commander of the 5th Army with which her brother is attached, said "We are doing everything in our power to speed the day of victory."

STATE COLLEGE — U. S. Senator James J. Davis became a student again for a day during a visit to a Pennsylvania State College extension class. He became so interested in the subject he stayed over an hour talking with the students.

PHILADELPHIA — Seaman George Robert Kleiser celebrated Christmas at home for the first time in three years. His family decorated a tree during his furlough this summer and they all exchanged presents.

HARRISBURG — Marine Capt. Howard L. Rosser, in charge of amphibious duck landings on Saipan and Tinian, had unlimited praise for the success of the Navy's relatively new invasion vehicles. Rosser who explained they were used extensively for the first time during the Mariana campaign, said they "seemed like a good idea and turned out to be just that."

WAYNESBURG — The day her daughter was born was one of both happiness and sorrow for Mrs. Alena Roberts, of New Freeport. She received in the mail a Purple Heart medal, the first news that her husband, John, an army private, was wounded in France.

SILK FROM SHELLS

Royal robes were once made from silk furnished by pen shells found along the Mediterranean. This mollusk spins the silk to moor its shell to the rocks.

Industry Loses 396 As School Re-Opens

Places Of Young Vacation Workers Will Probably Be Taken By Local Women

With the opening of the school house doors today, local industry is losing about 396 vacation-time workers who are leaving their overalls for bright new class room sweaters.

The figures, based on a survey made by the local United States Employment Service office, show that most of the workers were boys — 336 of them, in fact, although 58 girls were also helping out during the summer.

Some of them worked with machines, some held laboring jobs, some were packers, and so forth. Their jobs were those that did not require highly skilled work, or excessive physical effort, explained George R. Gettings, manager of the Employment office.

Not all these boys and girls will be completely lost to industry, for a few of them will continue to work on week ends. This group in industry was only part of the great number of school children who took out working papers this summer for all kinds of work, from surveying to clerking in stores. Most of the part-time jobs they will hold in the winter are Saturday-and-after-school jobs in stores.

The vacancies left in industry by the exodus back to the classroom will probably be filled by women, according to Mr. Gettings. Just now, the response of housewives to the employment office requests is equal to the problem, but the situation may change. Employers may find that more boys than they had expected are going back to school, or that the jobs were more essential than they had thought.

If that should happen, the only solutions would be the re-arrangement of school hours to allow more youngsters to work after hours, or the employment of more housewives than ever in the plants. Probably no school-hour shuffling will be necessary, Mr. Gettings stated, but if junior's going to get his geometry and English literature, then Mom or big sis will have to take over his machine.

Librarians Visit At Public Library

Former Librarians Visit: Miss Margaretta Barr Of New Wilmington Transferred

Miss Irene Hackett, of Huntingdon, L. I., who was the first librarian of New Castle Free Public Library, was a recent visitor at the public library. She was a guest at the home of Miss Mabel Allen and Howard Allen, of this city, while here.

Another recent visitor at the library was Miss Mary Belle McClelland, of Edinburg, who received her first library experience at the New Castle library. She is now librarian at the Agricultural College in Cedar Falls, Iowa.

Miss Margaretta Barr, of New Wilmington, librarian at Camp Reynolds for the past year, has left for Martinsburg where she will organize a new library at the veterans hospital.

Before going to Camp Reynolds, Miss Barr was at Fort Eustis for six months. She is a graduate of the University of New Mexico and was public librarian at Santa Fe, New Mexico, and librarian at Westminster College before entering army library work.

A COSTLY CIGAR
NEW YORK.—(INS)—Jack Sapan, of Brooklyn, appeared in Long Island City Court charged with smoking in a Long Island City factory. He explained he had received a letter from his son, a soldier in France, and was so elated he lighted a cigar. The court fined him \$25.

Fruit Growers To Discuss Operation Of Dehydrating Plant

Meeting Has Been Called For Friday Evening In Y.M.C.A. On War Effort Project

Lawrence county fruit growers have been issued an invitation to attend an important meeting in the Y.M.C.A. on Friday evening at 8:30 o'clock, called by the Lawrence County Fruit Growers Association, to discuss the operation of a fruit dehydration plant here.

The dried apples which would be produced at the local plant would use up a large portion of the local apple crop and would be purchased for use by the armed forces, it is stated.

Any interested in the project are invited to attend this meeting.

Service To Honor Sgt. Ralph Baird

Friends Of Ralph Baird Who Are In Service Will Assist At Memorial Sunday

Memorial services for Sgt. T. Ralph Baird, who was killed in France on July 30, will be held at the Mahoning U. P. church Sunday afternoon, September 10, at 3 o'clock. Rev. Kenneth Shepard, Sgt. Baird's pastor, will conduct the service, with the assistance of Rev. J. Calvin Rose, pastor of the Second U. P. church, and friends of Sgt. Baird who are in the armed service. The son of T. Elmer and Winifred Baird, RD 2, Lowellville, Sgt. Baird had served in the United States army since December, 1942. He was a graduate of Union township high school in the class of 1937, and of Pennsylvania State college in 1941. Before his induction into the army he was employed as assistant agricultural agent in Bedford and Somerset counties.

HARLABURG

Members of the Baptist young people will be entertained at the home of Mr. and Mrs. K. N. Breneman on Friday evening at their monthly meeting.

Mrs. Mae Vogan recently entertained her section of the Y.L.B. class of the Third U. P. church at her home here.

William Jervis has left to attend the Moody Bible Institute at Chicago.

Mr. and Mrs. Will Smith of Canton, O., were week-end guests at the Clarence Totman residence.

Don Reddick of the U. S. Navy is spending a few days here.

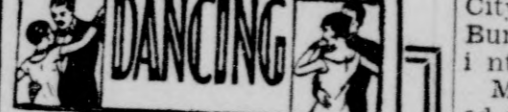

Mrs. Ida Forrest is spending two weeks with relatives and friends in Titusville and Meadville.

The Baptist missionary circle will have an all-day meeting on Thursday, September 28, at the home of Mrs. Mae Vogan. Mrs. Mary Hunt will be the leader.

Helen Macom is able to be out after her recent illness.

Mr. and Mrs. Thomas West Jr. and daughters, Carol and Patty Lane were week-end guests of Mr. and Mrs. Herschel Ritenour, Pittsburgh.

Yes, speech is still free in America but we will have to admit candidly that some of it isn't worth much more than that.

Japan Has Lost 50 Island Bases

By ARTHUR F. HERMANN
(U. S. Staff Correspondent)

WASHINGTON, Sept. 6.—Secretary of the Navy James Forrestal disclosed that Japan has lost the use of 50 major island bases in the Pacific and now is concentrating powerful air forces close to home for the anticipated all-out battle for the Philippines, China and Japan.

Forrestal warned that stiffer Japanese resistance may be expected as the result of the fact that the enemy has been pulling back its fighting forces to bases closer to home.

"All told, the Japs have lost over 50 major island bases in the South Pacific, including such strongholds as Kwajalein, Saipan, Guam, Biak and Hollandia," the secretary said.

"These bases gave air coverage to more than 3,500,000 square miles."

Cpl. John Othites To Arrive Here Soon

Marine Corporal John Othites, the New Castle man who has returned to the United States with a record of five major campaigns to his credit, is expected to arrive here sometime within the next two weeks, according to his family.

Never once wounded, Cpl. Othites was in the bloodiest battles of the war with Japan, beginning with the campaign on Guadalcanal and continuing with Tarawa, Saipan, Tinian and Guam.

The son of Mr. and Mrs. Michael Othites, 18 East Reynolds street, Cpl. Othites has three brothers also in service. Cpl. Emanuel Othites in Southern France, Petty Officer Constantine Othites is somewhere in the Pacific, and George Othites is in boot training at Camp Peary, Virginia.

CASCADE OF MILK AT YONKERS, N. Y.

YONKERS, N. Y.—(INS)—A torrent of 11,000 quarts of milk cascaded into the streets of Yonkers when a trailer milk-tank truck backed away from the driver, Charles Jacobs, early in the morning. The truck hurdled the sidewalk, smashed plate glass store windows, wrecked a street lamp and two parking meters and finally turned over. The driver emerged from the Niagara of milk into the custody of a patrolman.

Shuffleboard was played as early as the 15th century.

Delegation Will Pay Brazil Visit

WASHINGTON, Sept. 6.—(INS)—Herbert H. Lehman, director general of the United Nations relief and rehabilitation administration, announced today that UNRRA is sending a "mission to Brazil" to discuss that country's contribution to the program.

The mission will be headed by Laurence Duggan, former head of the State Department's Latin American division and now assistant diplomatic advisor to UNRRA.

The mission is the first move to co-ordinate South American participation in the UNRRA program, and will be followed by a tour of South American capitals by Dr. Eduardo Santos, former president of Colombia and at present deputy administrator of UNRRA.

Meanwhile, Rep. Bloom (D) N. Y., House foreign affairs committee chairman, predicted that the UNRRA will have war-torn countries "back on their feet" within two years after the war.

IN U. S. ARMED SERVICE

(War Censorship Regulations Limit Information Allowed in This Column)

Pvt. Chester B. Dicks, who was called here by the death of his brother-in-law, Sidney R. Berstler, has returned to Fort Bliss, Tex.

Pfc. Carl DeMatteo, Jr., of Camp Polk, La., is spending a seven-day furlough with his parents, Mr. and Mrs. Carl DeMatteo, of 110 Sankey street.

Three New Castle West Side boys had the thrill of meeting for the first time in months in California. It is told today. Snedley Pyle, seaman 1-c, of Patterson avenue, had just docked after being out on the Pacific and strolling about met James E. Logue, HA-2-c, of 910 West Washington street, who is stationed at Mare Island. Making the trip complete, they ran onto Cpl. Jack H. Sisley, of Camp Luis Obispo, Calif., a Smithfield street resident.

Military Police Jack McFarland, of South Mill street, is now stationed in France, where he landed on "D" Day. It is related by his brother, Mrs. Elizabeth McFarland, South Mill street, who received word today, the first in some time. He was previously serving in Naples.

Robert J. Wolanin, son of Mr. and Mrs. Frank Wolanin, 20 Fern street, was recently promoted to corporal. He is a personnel clerk at the Harvard Army Air Field, Neb.

Cpl. Michael E. Lewchanko, son of Mrs. Barbara Lewchanko, 215 Pittsburgh Circle, Ellwood City, is now serving as a machinist in the machine shop section of the largest air service command depot in Britain.

Pfc. Steve Kitzko, son of Mr. and Mrs. Felix Kitzko, R. D. 6, is serving in a quartermaster truck company at an air force base in England. Pfc. Kitzko has been overseas since December, 1943.

Pfc. Frank Del Bene has been transferred from Italy to southern France, according to word received by his sister, Mrs. Cam Cottlesse, 1204 Pollock avenue. Mrs. Cottlesse has received a number of souvenirs from Italy.

Pvt. John Gabriel and Cpl. George Gabriel, sons of Mr. and Mrs. Albert Gabriel, of South Jefferson street, have just concluded furloughs at their home here. This is the first time the brothers have met in two years.

Pvt. Gabriel, formerly stationed at Sioux Falls, S. D., has been moved to Greensboro, N. C., while Cpl. Gabriel, formerly located at Camp Maxey, Tex., is now at Camp Bowie, Tex.

Pvt. Theodore Lewis, son of Mr. and Mrs. Theodore Lewis, of 1316 Wilmington avenue, has been transferred from Lowry Field, Colorado, to Fort Myers, Fla.

Mrs. Ruth MacNab Baker, of 138 Wallace avenue, has received word that her husband, Pfc. Robert M. Baker, who is with the quartermaster's division in France, has received a T-5 rating.

Mrs. Susan McKnight, of Huron avenue, has received word of the safe arrival of her son, Flight Officer Gordon E. McKnight, somewhere in Italy. He has been in the service two years, and is co-pilot on a B-17 bomber. F. O. McKnight is also a son of the late Earl S. McKnight.

Clark Davis, shore patrol 3-C, and his half-brother, Pvt. Gerald Houston, met in Italy on Sunday, August 27, according to word received by their parents, Mr. and Mrs. William Houston, of County Line street, and Davis' wife, of East Washington

street. They are stationed only a few miles apart and anticipate future meetings.

Edward C. Bishop, Sm 2-C, son of Mrs. L. J. Bishop, of 510 Pine street, is home on a 30-day furlough after 26 months active combat duty in the Pacific.

Pfc. David S. Fessler, son of Mr. and Mrs. Daniel Fessler, 197 Mills way, is in France serving with General Patton in mechanized cavalry reconnaissance, according to a letter received here by his parents.

Cpl. Donald E. Brown, son of Mr. and Mrs. Harry Brown, of West Washington street extension, R. D. 2, has been transferred to Lincoln, Neb., where he has been assigned to combat crew in the second air force. Cpl. Brown recently received his gunner's wings and promotion upon graduation from flexible gunnery school at Kingham, Arizona.

Pvt. Frank L. Hogue, son of Mrs. Mary Hogue of Enon Valley, has returned to Fort Meade, Md., after spending a ten-day furlough with his mother.

Sergeant Chester A. Sovesky returned to his base after spending a 31-day furlough with his parents, Mr. and Mrs. Stanley Sovesky, of 10 Southview avenue. Sgt. Sovesky, assigned to transport duty, is with the U. S. Army Medical Corps. He has made a number of trips to the European theatre of war since his return from Puerto Rico, where he had been stationed for over two years. A brother, Staff Sergeant E. W. "Eddie" Sovesky, is on combat duty in the Pacific area. Another brother, Aviation Cadet Thomas V. Sovesky, was recently transferred from Greenwood, Mississippi, where he completed his basic flight training; and is now undergoing advanced training at Napier Field, Dothan, Alabama. A sister with the WAVES, Third-Class Petty Officer Dolly Lea Sovesky, is stationed at the U. S. Naval Convalescent hospital at Sun Valley, Idaho.

George Marbacher, son of Mr. and Mrs. George Marbacher, North Jefferson street, has been promoted to corporal. He is stationed at the air transport command station in Egypt.

Pvt. Anthony Micco of Camp Rucker, Ala., is on 15 days furlough visiting with his wife, Mrs. Mary Micco of 224 Cascade street. Pvt. Micco is attached to the field artillery.

Staff Sgt. Frank Juliano is on delay furlough enroute from New Orleans, La., to Camp Beale, Calif., and visiting with his parents, Mr. and Mrs. J. R. Juliano of 1111 Croton avenue. He is attached to the transportation corps.

Cpl. Walter E. McGaffie has arrived in India, according to word received by his parents, Mr. and Mrs. Arthur McGaffie, Highland avenue extension. Cpl. McGaffie has met one other boy from New Castle, the letter stated. The soldier, Pvt. Cast from Bluff street, had "New Castle" painted on the side of his truck.

Pfc. Anthony Puz, son of Anthony Puz, RD 3, Bessemer, has been promoted to the grade of corporal, according to a letter from fifth army headquarters in Italy. Cpl. Puz is a squad leader with an infantry division.

Mr. and Mrs. Don Moore of 643 East Washington street have received word from their son, Pfc. Wallace Moore, who is confined to a hospital in England that he is improving nicely. Pfc. Moore was wounded in France, in action, on July 7.

At the hospital he met Capt. Norman Lewis, who is one of the surgeons. He was cheered to meet someone from his own home town. Captain Lewis is a son of Mr. and Mrs. David Lewis, of 212 East Long avenue.

THEY GROW UP FAST
NEW YORK.—(INS)—A New York Central commuters' train

pulled into Grand Central and a blonde girl and a woman obviously her mother stepped out, followed by a conductor. The blonde wore an abbreviated red cross dress and manipulated a cigarette with a sophisticated air. "But, lady," said the conductor to the mother, "you told me she was under 12 and I let her ride half-fare." The girl sniffed and said: "We grow up fast nowadays."

General Eisenhower calls it "esprit"!

IT'S A SPIRIT that rises to accept each new challenge with dignity.

It's a spirit born of vision. Of a love of freedom so great it transcends human hopes and fears. And makes any sacrifice worth while.

It's the spirit that tackles all kinds of Army jobs. Humbly. But with a joyous pride.

A spirit that has its eyes on Tomorrow—a spirit that has won the eternal respect of the Army of the United States.

This is why General Eisenhower has said:

"The esprit constantly exhibited by our Wacs is exemplary!"

Do you feel tired—listless? YES NO
Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.
Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.
Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.
Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

High Gridders Resume Workouts

Bridenbaugh Far From Satisfied With Way Team Is Shaping Up For Har-Brack Game

GUARDS AND ENDS QUESTION MARKS

New Castle high "Red Hurricane" football team resumed training Tuesday afternoon at the stadium for the opening game Friday night that brings the strong Har-Brack high team here for a class AA engagement. The kickoff is slated for 8:15 o'clock.

Head Coach Phil Bridenbaugh said today: "I am far from satisfied with the way the team is shaping up and we will have to do a lot better Friday night than we were on Tuesday in order to take the measure of Har-Brack."

The big question marks in the line are the ends and guards. Right now Mustapha Hason and Jim Green have the edge on the guard jobs but Arthur "Pug" Hill and Herb "Blondie" Stewart are sure to see a lot of action and may even start the game. Both Hill and Stewart are newcomers this year, but have showed the proper light.

The starting ends will either be Fred Wimer, ailing with a bruised ankle, Jim Garberry, also a little bruised up from camp, or Eddie Jackson. The latter looks like a comer at end and will get a chance to strut his stuff no doubt.

Stadium Ready

The rest of the lineup is just about set with "Big Boy" Williams and Lynn Betts holding down the tackle jobs, Kuhn at center and Benigas, Panella, Flora, Andrews and Walls set for backfield duty.

Har-Brack can be expected to bring a fine team here. New Castle has not played Har-Brack for several years but the last time the two teams met the valley boys had plenty on the ball.

Faculty Manager Ralph H. Gardner is busily engaged in having the stadium shined up for the opening battle. The goal posts have been painted white and the seats cleaned up and made ready. The lights have been renovated and made ready to cast a lot of illumination on the playing field.

Tech Calls Off Football Card

PITTSBURGH, Sept. 6.—(INS)—Athletic director Clarence Overend Tuesday announced that Carnegie Tech was cancelling a six-game football schedule because of a constantly dwindling student body.

The action was taken, he explained, "When it became plain we would not have enough boys to give a reasonable chance with the teams we were to meet."

He said cancellation notices were to be mailed today to Pitt, West Virginia, Lehigh, Kentucky, Case and Michigan State.

Tunney Says Sports Fit Men For Battle

HEADQUARTERS, PANAMA CANAL DEPARTMENT

Back from a tour of the South Pacific, Commander Gene Tunney, former heavyweight champion of the world, told 1,000 soldiers in the Panama Canal Artillery Command that boxing fired American fighting men with courage in the war against the Japs.

His tour of combat zones, he said from the center of the ring in the gymnasium of Col. William H. Sweet's harbor defense post, had convinced him that boxing and other sports were essential to keeping men physically fit for battle.

Moose-Machinists Game Is Cancelled

Manager Rodenbaugh of the Moose Club baseball team announced today that his team would not play the I. A. Machinists on Lee avenue tonight as originally planned, but would play the Machinists next Sunday at Lee avenue, at 3 o'clock.

Rodenbaugh said that the Moose could not field a team until next Sunday owing to working conditions.

Bronze-Alcoa Play Tonight

In an effort to get the 1944 baseball season in the city league over as quickly as possible the Johnson Bronze and Alcoa will play off a postponed game tonight at Marshall field at 5:45 o'clock. It was announced by Manager Mike Diffley.

Bessemer Hopes To Win Saturday

Bessemer Strives To Avenge 19 To 0 Defeat At Hands Of Sharpsville In 1943

COACH WERESUK HAS FINE SQUAD

(Special To The News)
BESSEMER, Pa., Sept. 6.—Head Coach Joe Weresuk of Bessemer high feels highly confident that his Bessemer high eleven will be in the battle every minute this coming Saturday night when they tackle Sharpsville high at Sharpsville in a night-battle at 8 o'clock.

This will be the lid lifter for both teams. Coach Weresuk has three or four letterman back from the 1943 team and a fair sprinkling of reserves from last year as the nucleus of his 1944 team.

"Sharpsville beat us 19 to 0 last year but they'll not do it this season," said Coach Weresuk with determination.

Has Rugged Team

"I have a big rugged and willing squad this year, and they have been eager to learn football and I believe they will surpass the 1943 team in greatness. Bessemer will take the field against the Mercer county school Saturday with the following lineup it was announced, by Coach Weresuk, with possibly a change or two by game time. Left end—Nelson; left tackle—Montanna, (190 pounds); left guard—Campbell or Miami; center—Conner, a guard last year on the varsity; right guard—R. or T. Citerich; right tackle—Metlica, (first string last year end)—"Skitty".

The Bessemer backfield with four veterans from last year back will be: left-half—Galletta; right-half—Commissio; fullback—Pezzuola; quarter-back—Anderson, (end on the varsity last year and a fine punter and passer).

Cardinals And Reds Split Two

Walters And Cooper Each Win 20th Game, Detroit Defeats Chicago White Sox

By JOHN CASHMAN (International News Service Staff Writer)

NEW YORK, Sept. 6.—The majors were comparatively quiet yesterday, since there were but four teams in action.

Bucky Walters of the Reds and Morton Cooper of the Cardinals each pitched their 20th victories of the season as Cincinnati and St. Louis swapped 4-0 decisions in their twin twilight-night bill at the Ohio city. Cooper scored his seventh shutout of the season in the opener, in which homers were clouted by Walker Cooper and Danny Litwiler. In the second game, Walters beat the champs for the sixth time this season.

In Chicago the Detroit Tigers blanked the White Sox, 6-0, in a night game, with Southpaw Hal Newhouser limiting the Sox to six hits in his 23rd victory of the season. Chicago's Joe Haynes was nipped for 13 hits. That leaves Detroit only a game and a half behind St. Louis in the pennant race.

MORRISON HURLS POTTERY TO WIN

Score Is 12 To 5 At Booker T. Washington Field Over Alcoa Team

Scotty Morrison helped keep the Shenango Pottery team in the city baseball league playoffs by pitching a well seven-hit game last night at Booker T. Washington field to upset the Alcoa team 12 to 5.

The Pottery had 11 hits off of Dean with Knight having a pair of triples and Thomas one triple and single. Thornton and Byler led the Alcoa at bat.

Thursday night at Booker T. Washington the same two teams will play off another postponed game.

Pensive Retired By Bowed Tendon

Kentucky Derby And Preakness Winner Runs Into Misfortune Of Racing

CHICAGO, Sept. 6.—(INS)—Pensive, the Calumet Farm's three-year-old colt, is more than pensive. He is downright discouraged.

Ben Jones, his trainer, announced today the colt had been retired for the year and would be shipped to Owner Warren Wright's farm near Lexington, Ky., Friday.

Has Bowed Tendon

Pensive was in brilliant form early this year, winning three big races before taking the Kentucky Derby and the Preakness. He finished second in the Belmont, then lost seven straight races at the Washington-Arlington Park meetings.

To cap his misfortunes, Pensive bowed a tendon in the Labor Day 850,000 added Washington Park Handicap, in which he finished sixth. That finished him for the season, but he already had won \$162,225 in purses since January 1.

Union Has Nine Lettermen Back

Coach Pat Patterson Fairly Experienced Team To Start 1944 Season

BATTLE ELLWOOD ON FRIDAY NIGHT

Coach Pat Patterson at Union high is the envy of every coach in the district this year as he gets his Union high eleven ready for the 1944 football season inaugural with Ellwood City high at Ellwood City high Lincoln field.

Nine lettermen are back from the 1943 squad, this list being augmented by three backs with experience and several linemen who have seen a lot of action in the 1943 campaign.

Union Strengthened

The Union high squad has been greatly strengthened by the addition of several new players from the surrounding districts who have reported for football for the first time.

The backfield will average about 152 pounds, and the line will go about 154, said Patterson today.

Following is the tentative Union lineup that will face the Ellwood City Wolverines Friday night under the lights at Ellwood: ends, Smith and Cole; tackles, Bigley and Book; guards, List and Rotunno; center, Hanna; quarterback, Brown; left-half, Korab; right-half, Dell; full-back, Clark.

Rickey And Press Are Not Friendly

Brooklyn Dodger President And Former Cardinal Head Doesn't Like Sport Writers

GAVE PAUL WANER DIRTY RELEASE

By LAWTON CARVER (International News Service Staff Writer)

NEW YORK, Sept. 6.—In an age when it is considered good business to soft-soap the press, Brooklyn Dodger President Branch Rickey comes as a unique although not refreshing dissenter. For it is Branch who usually gives the press "the business," and in such nonchalant fashion as to make any typewriter-bounding wretch wonder whether a press really does anyone any harm.

The only newspaperman with whom Rickey is really popular is his press agent, Harold Parrott, and he is an ex-newspaperman and cannot be counted in with the ordinary slaves because he is much more exposed to Branch's fatherly charm and thus is more vulnerable. Rickey's contact with the working press rests mainly in the hours when he plants himself behind a desk, cigar in mouth, and pontificates at such length and so profoundly that the listeners leave stunned and witless.

Rickey Pulls One

It is, perhaps, attributable to Rickey's remote-control men that he works such tricks as was recently worked with Outfielder Paul Waner. Paul, a remarkable athlete and a credit to his club, was released in such a fashion as to make him ineligible for a possible world series with the New York Yankees.

And the release was accompanied by a slight deception which could in no way be construed as currying the favor of the press.

When, last Tuesday, Waner's release was announced, the writers were told that waivers on the player would be up on Thursday morning. However, they actually were not up until Thursday midnight. Had the faulter been up when Rickey said they were, Paul would have been able to sign up with the Yanks before the deadline, and been eligible for series money.

Held Out On Waner

What had really happened was that Rickey had not released Paul on Tuesday, as stated, but had held out in an effort to get the \$7,500 waiver-money prescribed by baseball law. This, of course, must come under the heading of business acumen. But much was made of the fact that Paul was being paid off for a full season (it amounted to a

Clipper Smith Returns To New Pigskin Wars

CHERRY POINT, Sept. 6.—(INS)—Marine Captain Maurice J. (Clipper) Smith, for the last 20 years one of the country's most famous football coaches, has been ordered to duty as recreation and athletic officer at this largest of all Marine Corps air stations.

The "Clipper," a resident of Laguna Beach, Calif., comes here from Camp Pendleton, Calif., after a tour of duty as executive officer to another famed grid tutor, Lieut. Col. Richard E. (Dick) Hanley, formerly of Northwestern University.

An alumnus of Notre Dame university, Capt. Smith learned his football under the tutelage of Knute Rockne and later coached at Columbia university, Gonzaga college and the University of Santa Clara, all on the West Coast.

Prior to receiving his commission in the Marine Corps in April, 1943, Capt. Smith coached at Villanova college, Villanova, Pa. Villanova teams during his regime were studied with players of All-American caliber and usually were regarded as among the strongest in the East.

Despite his long coaching career, Capt. Smith probably will take only a part-time share in coaching the 1944 edition of Cherry Point's grid machine, presently in the throes of schedule-making.

Slated for the post of head coach of the Flying Leathernecks is Staff Sgt. "Big Jim" McMurdo, University of Pittsburgh alumnus and All-American tackle for the Panthers in 1931.

Reynolds Soldiers To Stage Second Track, Field Meet

GREENVILLE, Pa., Sept. 6.—With regimental rivalry at a peak, Camp Reynolds' top track and field stars will meet Saturday afternoon at 2 p. m. in the season's second "Camp Field Day" program.

As was the case with the initial meet, Saturday's program has been planned to provide a balance between the normal track events and novelty races.

The program will consist of 15 events, 10 of which are for individuals with the other five team affairs.

Winners of each event will be rewarded with a three day pass and ribbons will be presented the one-two-three finishers. A beautiful trophy will go to the Regiment compiling the greatest point total.

One special requirement which gives the Camp Field Day a distinct Army touch is the rule that all contestants must wear GI shoes. The remainder of the uniform is optional.

Top honors in the first track meet were taken by the Fourth Regiment which piled up 55 points.

Actor Is Unhappy As Marriage Nears

Has Russian Type Beard For Picture He Is Working In; Has To Work Nights

HOLLYWOOD, Sept. 6.—(INS)—Larry Parks, Hollywood film actor, today was as unhappy as any man about to be married can be.

After several delays due to transportation difficulties, Betty Garrett, eastern singer, is due here to become Mrs. Parks next Friday at 9 p. m. in St. Thomas Episcopal church.

Parks has an appalling piece of news to break to his future bride. He's wearing a big Russian type beard for the picture, "Counter Attack" and the Columbia studio doesn't think it can allow him to shave it off.

For the next two weeks, he will be working nights doing battle scenes.

And to cap the climax, in only three weeks, his bride will have to return to New York for a Broadway show.

Governor Bricker Is 51 Years Old

COLUMBUS, O., Sept. 6.—(INS)—Gov. John W. Bricker of Ohio, the Republican vice presidential candidate, was 51 today but no special celebration of his anniversary was planned.

Governor Bricker was busy with problems of a special session of the legislature which he summoned to amend the Ohio law which requires that all ballots be marked with black lead pencil. School teacher pay raises also were to be provided.

Palmyra Shooter Holds State Title

ALTOONA, Pa., Sept. 6.—(INS)—Grant P. Bomgardner, of Palmyra, Pa., and affiliated with the Homestead Rifle Club, Tuesday held the Pennsylvania small bore rifle championship for 1944, capping the trophy in the two-day seventh annual shoot at Altoona.

Bomgardner scored 2,390 out of a possible 2,400 score. He hit the bulls eye 139 times. More than 160 others participated in the meet.

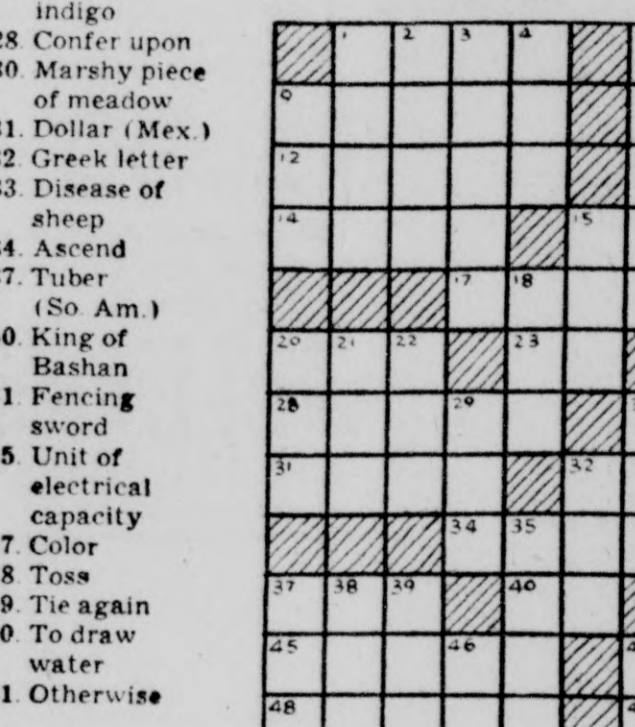

There will be a meeting of the Young Ladies Sodality of St. Mary's church Thursday at 7:30 p. m. in St. Mary's auditorium with prefect Margaret Valley in charge. Marie Hanlon, Rosemary Schooley, Eleanor and Margaret Valley, who attended the Summer School of Catholic Action in Chicago last week, conducted by Father Daniel J. Lord, will give their reports. Rev. Fr. Francis M. McCarter, pastor, will introduce the new spiritual director, Rev. Fr. Ignatius Koller, who succeeds Rev. Fr. Leo S. Waterson, now pastor of St. Mary's church, Parkers Landing.

There will be a meeting of the Sodality of Our Lady of St. Vitus church Thursday at 8 p. m. in the church basement, with prefect Frances T. Corio in charge.

Nelson-McSpaden Enter Tournament

PORTLAND, Ore., Sept. 6.—(INS)—A throng of top-flight golfers was expected for the \$10,000 Portland Open today following the entry of Byron Nelson and Harold (Jug) McSpaden, two of the nation's highest ranking professionals.

Nelson and McSpaden became the first two men entered in the tournament, scheduled for November 23 to 26. Numerous top-flight professionals have been invited.

Robert A. Hudson, spokesman for the sponsors, said special prizes will be offered for amateur golfers.

Year ago today: Joe Hunt of the Navy won the U. S. tennis title, beating Coastguardman Jack Kramer in tourney play at Forest Hills, N. Y.

10 years ago today: Giants won, 2 to 1, in 12 innings as Leroy Parmelee trimmed the Cubs in N. Y.

20 years ago today: Ray Schalk, White Sox catcher was out of action for 10 days as a result of a broken finger suffered trying to catch a foul tip.

STOCK MARKET MOVES LOWER

Market Follows Downward Trend; Steels And Aviation Groups Lower

NEW YORK, Sept. 6.—(INS)—The stock market followed a downward trend this morning, leading issues losing sizeable fractions in a quiet trend. The move toward lower levels continued the sell-off which began late in yesterday's session in the steel and aviation groups.

Chemical were among the hardest hit in the forenoon with Union Carbide dropping nearly a point in a thin market. DuPont reacted a half point. Standard Oil of N. J. and Texas Co., trailed minus signs up to half point.

Santa Fe paced the rails, dropping 3-4. Bethlehem Steel and Pullman sold down a half each. Union Pacific and General Motors declined 3-8 each. General Foods and Pan-American Airways, lost ground. United Aircraft, off 5-8 yesterday, recovered. Amusements, coppers and electricals were firm and quiet. Montgomery Ward dipped 5-8 while Pepsi-Cola was up as much.

Announce Plan Of Demobilization To Follow Nazi Defeat

By JOSEPH A. BORS

(U. S. Staff Correspondent)

WASHINGTON, Sept. 6.—The war department today announced official plans for partial demobilization of the army after the defeat of Germany and disclosed that fathers and overseas veterans will be the first to return to civilian life.

Presaging a speedy victory in Europe, the long awaited report of the high command on the dispersal of the nation's great army of more than seven million men, featured:

Order Of Discharge

1. Fathers and battle veterans will be given priority status for discharge.

2. Millions of fighting men will be speedily transferred to the Pacific for the smashing of Japan.

3. Millions of tons of fighting equipment—ammunition, landing barges, tanks, planes and food will have first priority to be transported to the Pacific fronts.

4. Troops suited to Pacific warfare, no matter where now stationed, will remain in service as long as they are essential.

5. Most of the present air force and the service force will be transferred to the Pacific fronts.

6. American troops will remain in inactive war zones in Europe in order to fulfill such occupation duties as are necessary.

7. Veterans of the Pacific war will benefit by the collapse of Germany and those with long service will be replaced by fresh troops from the States or Europe.

8. Demobilization of the WAC will follow the same pattern as that for the fighting forces, excepting that WACS whose husbands have been discharged will be released upon application.

Warns Of Delay

The war department, in the dramatic report, warned of some delay in the return of troops from Europe to the United States because ships will be needed to move "millions of fighting men" to the Pacific for the final assault against Japan.

The report also made no estimate of the number of soldiers to be discharged when Germany collapses.

"It is emphasized that the rate of return of surplus men from overseas will depend upon the number of ships available," the war department said.

"Thousands of ships will be required to supply the Pacific theater. The Pacific theater will have number one priority. All else must wait. It will be transported millions of fighting men, millions of tons of landing barges, tanks, planes, guns, ammunition and food, over long supply lines than those to Europe."

"This means that most of the ships and planes that were used to supply the European theater will be

needed to supply the Pacific theater. The majority of ships proceeding to Europe will continue on to the Pacific laden with troops and supplies for that distant campaign. Very few will turn around and come back to the United States. The army, therefore, will not be able to return all surplus men to the United States immediately. It may take many months."

Nazis May Collapse Soon

The report came as Allied armies closed in with lightning speed against Germany and indications from the war zones foreshadowed the possible collapse of Nazi resistance within a short time.

The army said the plan adopted for demobilization after the defeat of Germany, and prior to the defeat of Japan, called for a "partial and orderly" release from present peak strength (peak strength of the army was estimated at 7,700,000 men.)

The war department pointed out that when the war against Germany has ended "the military might of the United States will be shifted from the European area to the Pacific area."

"To defeat Japan as quickly as possible, and permanently, the United States will have to assemble, readjust and streamline its military forces in order to apply the maximum power," the report said.

"Our military requirements to achieve this end, involving men, weapons, equipment and shipping have been set forth by the combined chiefs of staff. These requirements are the determining factors of the readjustment and demobilization plan adopted by the war department."

Must Stay In Service

It was further pointed out that men and units suited to Pacific warfare "must remain in service as long as they are essential." Other units also will be kept in inactive war zones in the European theater "in order to fulfill such occupation duties as are necessary."

"Other elements, no longer needed in the theater (European) in which they are assigned, will be transferred to other areas, reorganized and redesignated to meet current military requirements in the theater, or they will be inactivated," the report continued.

"Within each element of the army thousands of individuals may become surplus to the needs of the theater or major command in which they are serving. But more thousands will be required for further military service."

As part of the demobilization plan the army said that an "adjusted service rating card" will be issued to all enlisted personnel after the defeat of Germany. On this card will be scored the following factors that will determine priority of separation.

Method of Determining

1. Service cards—Based upon the total number of months of army service since Sept. 16, 1940.

2. Combat credit—Based upon the first and each additional award to the individual of the medal of honor, distinguished service cross, legion of merit, silver star, distinguished flying cross, bronze star medal, air medal, purple heart and bronze service stars (battle participation stars).

3. Parenthood credit—Which gives credit for each dependent child under 18 years up to a limit of three children.

It was pointed out, however, that the value of point credits will not be announced until hostilities cease in Europe.

"In all cases, however, the demands of military necessity and the needs of the war against Japan must first be met," the army said. "Regardless of a man's priority standing, certain types of personnel can never become surplus as long as the war against Japan continues."

Despite the anticipated increase in activity in the Pacific the war department stated that troops now fighting Japan will benefit by the reduction of the army to a certain extent.

Some Replacements

"While the process of selecting and returning men from European theater is taking place, the plan

for readjustment and partial demobilization also will be applied in active theaters, like the southwest Pacific," the statement said. "Individuals in those theaters will be declared surplus to the extent that replacements can be provided."

"Naturally, since the Pacific will be the only active theater, there will be no surplus units of any type. Military requirements there will demand an increase rather than a decrease in fighting units. Nevertheless, troops in the Pacific area will benefit by the reduction of the army, not as units, but as individuals."

It was explained that Pacific area commanders will be told the numbers and types of men who can be replaced. They then will select these men, using the same standards as apply in inactive theaters and in the United States. These men then will be returned as rapidly as replacements move into the area affected.

In the case of officers, the war department said that military necessity will determine which ones are non-essential and that they will be released as they can be spared.

W. A. C. Releases

"Priorities of release for members of the Women's Army Corps will be determined in the same way as for the rest of the army, but treating the corps as a separate group," the war department said. "However, in case of all female personnel of the army, those whose husbands have already been released will be discharged upon application."

As now adopted the plan will provide some reduction in the army's ground forces but initially considerably less in the service forces and in the air forces.

"Following Germany's defeat, the air forces will have to move combat groups and supporting ground units from all over the world to the Pacific areas," the statement said. "The nature of the Pacific area dictates that service forces personnel will be needed in great numbers to carry the war to Japan. Long supply lines, scattered bases, jungles, primitive country, all contribute to the importance and necessity for service forces personnel. Therefore, the reduction in its strength will be slow at first."

As replacements become available from the ground forces and from new inductees the air and service forces "will discharge a fair share of men proportionate with the ground forces."

Through Separate Centers

It was stated that surplus individuals declared non-essential to the needs of the army will be discharged through separate centers. Five of such centers are already in operation and additional ones will be set up when the need develops.

"A total of 18 in all parts of the country are contemplated," the war department said. "Their wide distribution will enable us to discharge soldiers close to their homes."

The war department explained that the successful operation of the plan requires that the troops themselves as well as the public be kept fully informed. It was pointed out that some men who might otherwise be released may be transferred hurriedly to the Pacific with a particular unit needed in that area.

"If military necessity should entail the immediate transfer of a unit to the Pacific, there may occasionally be no time to apply the plan to men of that unit before the emergency transfer is made," the war department said. "Consideration will be given these men when they arrive in the new theater."

The military establishment that will be needed after the defeat of Germany "has been calculated with the same exactness as the size of the army needed up to now." The war department concluded:

"No soldier will be kept in the military service who is not needed to fulfill these requirements. No soldier will be released who is needed."

"It must be borne in mind always that the war will not be won, nor the peace enjoyed, until Japan has been completely crushed."

Protests Censors Opening Envelopes Containing Ballots

WHEELING, W. Va., Sept. 6.—(INS)—Congressman Joseph Martin at Washington D. C. asking Martin to protest the opening of envelopes containing ballots mailed to Circuit Court Clerk L. L. Nightengale in Ohio county from overseas servicemen.

Schiffel protested that some army and navy censor stamps bore no initials of the censors, and declared:

"This is an unwarranted inquisition into the sacred affairs of those in the armed services on all fronts."

"Anybody who assumes this right without indicating who he is, is invading the confidential privileges and is treading upon the sovereign and exclusive right of every free born citizen; this practice should be stopped at once."

"There cannot be a free and honest election if coercion, intimidation and snooping is permitted."

The bowie, or hunting knife, got its name from the Texas frontiersman, James Bowie, one of the Alamo's defenders.

Night Hawks Gather, Will Soon Fly South

About dusk recently Owen Fox, city forester, received a call asking what species of birds were continually flying at that time over the Highland public school building.

Upon investigation Mr. Fox found that they were night hawks, about 18 of them.

Owen states that at this period of the year these birds commence gathering in flocks in preparation for migrating to the southern climes.

This colony will gather with another in this district, adding colony to colony, until at last they seem to know when all the birds in this community have been collected together.

After this has been brought about, Mr. Fox states this group will fly to some location out in the country and unite with a large group there.

Soon afterwards this flock, often numbering over a hundred birds, will start on their southern journey, beginning at dusk, continuing to fly at night, resting in the daytime, until they arrive at their destination.

Mr. Fox states that these birds can be found in pairs at various stations in this city, and they keep within their own range of feeding.

The young hawks hatched in the summer will range with their parents, in the same location, next year. This has been proven by Mr. Fox, as he has found the band placed on the leg of a mother bird, the following spring. While these birds are hatching and are approached carefully, the bird can be lifted right off the eggs.

These birds return in the spring to their location, about the same date in May.

PITCHES NO-HIT GAME

GREENVILLE, Pa.—(INS)—T-5 John Smith realized every pitcher's dream when he pitched a no-hit, no-run soft ball game recently at Camp Reynolds for the Tenth Group team. He allowed only one member of the station hospital nine to reach first base, on a walk.

Prof. Pollock Gives Ideas Of Treatment Of Nazis After War

In his latest book "What Shall Be Done With Germany," Prof. James K. Pollock, a New Castle man who is professor of political science at the University of Michigan, Ann Arbor, sets out his ideas of the manner in which Germany should be treated after surrender.

Prof. Pollock proposes setting up in Berlin, immediately at the end of hostilities, an international governing commission composed of five members, one each from Britain, Russia, the United States, Holland and Norway.

The Dutch and Norwegian members would be placed on the commission to represent the interests of smaller United Nations. All the members would be military or naval officers of the highest rank to impress upon the German people the fact that it was a government with real power.

This commission would have supreme power to issue orders for the government of Germany, utilizing the proper German officials working under a large United Nations inspection staff.

According to Prof. Pollock, who has devoted many years to the study of German politics, it would be impossible to man the German public services. They should be commanded by the commission which would fix policies and issue orders.

Prof. Theodore Zak, son of Mr. and Mrs. Joseph Zak, R. D. 1, Wampum, was seriously wounded in France sometime during August, according to a War Department telegram received by his parents.

Prof. Zak has been overseas since last April, and in the armed forces since March, 1943. He has three brothers also in the army, one of whom, Pfc. John Zak, is now a prisoner of war in Germany. Another brother, Technical Sergeant Albert Zak, is now home on a 21-day furlough after serving in India, China, and Burma. Pfc. Joseph Zak is stationed at Camp Shelby, Mississippi. All of the men are in the Infantry except Sgt. Zak, who is in the aviation ordnance.

Pfc. Theodore Zak Wounded In France

Pfc. Theodore Zak, son of Mr. and Mrs. Joseph Zak, R. D. 1, Wampum, was seriously wounded in France sometime during August, according to a War Department telegram received by his parents.

Prof. Zak has been overseas since last April, and in the armed forces since March, 1943. He has three brothers also in the army, one of whom, Pfc. John Zak, is now a prisoner of war in Germany. Another brother, Technical Sergeant Albert Zak, is now home on a 21-day furlough after serving in India, China, and Burma. Pfc. Joseph Zak is stationed at Camp Shelby, Mississippi. All of the men are in the Infantry except Sgt. Zak, who is in the aviation ordnance.

Unconscious Pilot Flies 300 Miles

COLUMBUS, O., Sept. 6.—(INS)—The strange story of a navy dive bomber pilot who flew his plane about 300 miles after being knocked unconscious by a Japanese bullet was received recently by officials of the Curtiss-Wright Corporation.

Lieut. Comdr. John D. (Blitz) Blitch, USN, 30, Charleston, S. C., commander of a Curtiss Helldiver squadron based on an aircraft carrier in the Pacific, was attacked by six Zeros after he had led his formation of dive bombers against a dozen enemy tankers and destroyers, sinking or damaging seven of the vessels.

After the bomber formation shook off the enemy planes and had flown about 280 miles back toward the carrier, Blitch's plane was seen to crash into the sea. The 30-year-old Helldiver skipper, nephew of old J. P. S. Devereaux, commander of the immortal marine defenders of Wake Island, was revived by water splashing into the cockpit as his plane sank. He escaped in a small raft. The action occurred during the battle of the Philippines area.

The explanation of Blitch's experience, given by a naval physician whose diagnosis has been accepted as the basis for the official report, according to Pacific fleet headquarters, said that Commander Blitch, unconscious from the time the bullet struck him until the cold sea water revived him after the crash, had been flying all that time by instinct just as a prize fighter sometimes takes a lethal knockout blow and still succeeds in finding his corner and walking back to his stool.
